Provided further that for the first three years being the initial period of cultivation, no tax shall be assessed for that period.

STATEMENT OF OBJECTS AND REASONS.

The Lushai Hills District (Revenue Assessment) Regulation, 1953 was enacted by the defunt Mizo District Council to suit the prevailing condition at that time. The rates of taxes collected under the above Regulation are no longer considered suitable for application to the present prevailing conditions. These rates are obviously too low in view of the constant inflationary trends in price levels.

Moreover, in view of the expansion and diversification of economic activities in Mizoram and to earn additional revenue to the exchequer, it is necessary that the existing rates of tax should be revised. It may also be mentioned that the question of raising resources of the Government has always been emphasised during Plan discussions at Delhi. Hence, it is proposed to amend section 3 of the above Regulation suitably.

As a result of this Bill an additional annual revenue of Rs 10,63,000/- is anticipated approximately.
