DISSENTING PROPOSAL OF ASSOCIATE MEMBERS

I

According to the Draft Proposal, four (4) new constituencies are given to Aizawl town which I strongly objected as a matter of principle on the following grounds:

1. At present, there are already four constituencies in Aizawl which is now going to be eight. Out of the eight constituencies, some are going to have a small population even less than ten thousand whereas some Rural Constituencies have much larger population and in fact, some are going to have double of the population in Aizawl town constituencies. Hence, this is not justified from the population point of view.

2. The Rural constituencies are many times bigger in size than the Urban constituencies. I understand that Urban and Rural constituencies can not be made equal in size. However, within the limitations, that difference can be reasonably reduced just by transferring two constituencies (out of four) from Aizawl to Rural areas, Aizawl will then have Six seats which is just sufficient from various considerations. Therefore, the Draft proposal is not justified from the geographical consideration.

3. The town is the most accessible whereas an M.L.A. has to spend more than a month to cover all villages under rural constituencies. By giving all the four new seats to the town we are depriving the benefits of the villagers. The poor villagers who have been waiting for the results of the Committee with anticipation are going to be disappointed now. Therefore, I strongly feel that public convenience does not receive due consideration.

4. The Draft proposal gives more than enough Representation to the few Capitalists enjoying life in the capital at the cost of the Rural poors whom they exploited. This goes against simple arithmetic calculation. I believe that in other parts of the country, the population in Urban constituencies are normally much more compared to rural constituencies. I am afraid the Draft proposal violates the concept of Democracy and that will not be fair in a Democratic SOCIALIST India.

Due to the four factors mentioned above, I am convinced that we are going to be subjected to sharp public criticism. This is a vital issue that affects the future democratic foundation for the new generations and therefore, it is not so simple a matter as can be finalised in one sitting.

Under the circumstances stated above, I strongly suggest to avoid public criticism by just transferring two constituencies from the town which can be

utilised for the creation of two more new constituencies in such a way that it relieves as many rural constituencies as possible as already submitted by me in writing. As to the rest, the status quo as per the first and the original Draft proposal of the Commission may be maintained subject to minor adjustments here and there.

DISSENTING PROPOSALS OF ASSOCIATE MEMBERS

II

I. We are deeply against disturbing Khawhai Constituency. Khawhai constituency should remain as it is. The suggestion that Chawngtlai and Tualte villages under Constituency No. 16 Khawhai would go to Khawzawl be dropped as Khawhai constituency is too small for bifurcation.

II. Bairabi should go to Bilkhawthlir

III. Thingdawl should also go to Kolasib.

IV. Constituencise in Lunglei District should be bifurcated as suggested by the Commission.

With reference to the working paper containing Commission's proposals for delimitation of constituencies in the Chhimtuipui District, I beg to state I agree with the proposals discussed today, keeping the 3 District Councils in tagged. The proposals are agreeable to me except that the villages Tuisih and Theiri which are proposed to be included in Tuipang constituency be excluded therefrom and included in Saiha constituency. This will be more convenient to the public and will meet the earnest demand of the poeple of the two villages.

New Delhi,
Dated. 18.11.1986.

IV

I have seen the minutes of the suggestions made in the day meeting. The proposal in respect of Aizawl District are generally agreeable to me. However, in respect of Aizawl City constituencies, I want to suggest the following :-

(1) Sairang, Bawnga veng, Sihhmui and Lungverh which are now included in Sairang may be excluded therefrom and included in Aizawl West II Assembly constituency.

(2) The name of the present Sairang constituency may be changed into MAMIT which is Civil Sub-divisional Headquarters.

(3) Mualkhang village which is earlier included in Sairang constituency may be included in 22-Kawnpui constituency.

(4) Theiri and Tuisih villages now proposed to be included in 1-Tuipang constituency may be excluded and included in 2-Saiha constituency.

The above suggestions have been made keeping in view, public conveniency, communication facilities and the Administrative Units and also the balance of the electors and the population.

V

We, the associate members, strongly objected to inclusion of the following villages in Sairang Assembly constituency on the ground noted below :

1. Sairang, 2. Sihhmui, 3 Bawnga veng and 4. Lungverh. Sairang and these other wards are cut off completely from the rest of other villages in this constituency by the River Tlawng and this village is the only village in the other side of this big River.

2. It is under one Community Development Block with Aizawl West-II Assembly constituency and is contiguous geographically.

3. There is good communication between Sairang and Aizawl West-II as regular Town bus service has been introduced and it is convenient that it be included in Aizawl West-II and consequently, Sairang Assembly constituency be renamed Mamit Assembly constituency.

4. The population of Aizawl West-II is much smaller than that of the Sairang Assembly constituency. Hence the necessity.

VI

Consequent upon our discussion with the Commission on Nov. 18, 1986, we beg to submit our note of dissension to the draft papers of our meeting that was circulated on the same night that,

We had proposed in our meeting that Lunglei Town should not be tagged to the rural areas so far as it is practicable. All the other Associate members agreed with the proposal. Consequently, we had submitted a proposal to the Commission. However, some part of the proposal have been dropped in the draft minutes which we strongly objected to.

Our earlier proposal submitted to the Commission may be reconsidered in the light of our discussion last night.

We also proposed that the name of 6 Demagiri be renamed after 6-Tlabung as we have decided unanimously. And the new Assembly Constituency to be carved out from Lunglei Assembly Constituency and Hnahthial Assembly Constituency be called Pangzawl Assembly Constituency as proposed.
