Enclosur to Miaistry of Information & Broadcasting letter No./12/55/76-PI dated the 8th October, 1976.

Copy of Recommendation No. 46 contained in para 5. 36 of the 79th Report of the Committee on Public Undertakings (Fifth Lok Sabha)

The Committee are informed that lack of adequate exhibition facilities has been a major problem with the film industry and the Central Government have all along stressed upon the State Governments the need for encouraging cinema construction in the country. The Committee feel that order to ease the shortage of cinema houses in the country, the Central Government may persuade the State Governments to increase suitably the number of cinema houses particularly in mofussil areas, care being taken to locate them judiciously, having regard to larger public interest. They also feel that in the interest of encouraging production of good films and providing healthy and wholesome entertainment to the people, the State Govts. should ensure through a clause in the lease agreements or in the licences granted under the Cinematograph Act that the cinema houses coming up with the assistance from the State authorities including local bodies are required to provide exhibition outlets to quality films on priority basis. They would also like the Central Government to examine in consultation with the public financial institutions the feasibility of introducing a clause in the loan agreements to the effect that the private entrepreneurs constructing cinema houses with financial assistance from the public financial institutions would have to exhibit quality films sponsored by the Film Finance Corporation on priority basis. They feel that owners or lessees of all such cinema houses should be required to keep in mind the paying capacity of a common man while fixing the admission rates so that the common man can also give to himself the pleasure and satisfaction of seeing quality films at reasonable rates and the objective of asking healthy and recreational films available to ordinary and under privileged persons is also fulfilled.
