PU NIHAR KANTI CHAKMA :

Mr. Speaker, before I speak on the Demand I would like to share my feeling of happiness with the people of Chakma Autonomous District Council because the Bank is going to be operated very shortly which they were longing for a long time. Most of the members have spoken about the demands. I would like to speak about demand No. 1 - Legislative Assembly. According to me, this

Legislative Assembly is a very special Deptt. I sincerely convey my thanks, specially to Hon'ble Speaker, the Officers and Staff of this Sectt. for their punctuality, sincerity especially during the session. As we know, the workload of Mizoram Assembly Sectt. has been increased due to formation of various Committees, and the official also has to communicate with various Deptt. of the Govt. of Mizoram. Therefore, the time has now come to uplift the status of our Assembly Secretary, Joint Secretary, Under Secretary. In some other states the status of the Secretary Assembly is very high. In Mizoram, that is not so in my opinion, the status of Assembly Secretary should be equivalent to our Chief Secretary and Joint Secretary should be equivalent to Commissioner of Govt. of Mizoram. I consider this Assembly is my second constituency because most of the officials know me from childhood. And lastly, in regard to the Assembly, I want to say that since they are very sincere and punctual, I would like to request the Hon'ble Chief Minister to provide LIC/HBA to all the Staff of the Assembly Secretariat who have applied for because as an MLA I have no quota, otherwise, I could have provided it from my quota itself.

Regarding Demand No. 14 - Planning & Programme Implementation Deptt. I would like to thank the Hon'ble Chief Minister for providing MLA Local Area Development Fund. This will greatly help in solving the problems in our respective constituency.

Regarding Demand No. 15 - GAD as we know Tlabung Sub-Division is one of the oldest Sub-Division. Now, Tlabung has lost its glory. From the British time, there is only three name famous in Mizoram, Aizawl, Lunglei, Demagiri which is now known as Tlabung. The Sub-Divisional Court is not functioning there is no quarter. Till now, Sub-Divisional Magistrate is not posted at Tlabung. Mr. Speaker, I would like to bring to your notice of the Chief Minister, that now preperation of photo I.D Card is going on throughtout Mizoram, even it is going on in the Lunglei District also. It has been asked that even in my constituency they have send a notice, that my constituency people should come to Lunglei for the preperation of this photo I.D.Card. As you know, Tlabung is about 98 km far away from Lunglei, the people are very poor they cannot affort to come to Lunglei. Therefore, I would like to request the Hon'ble Minister to make necessary arrangement so that they can prepare this I.D. Card at Tlabung itself.

Mr. Speaker, as you know during the participation in the general discussion I have raised the issue of border fencing. This is very serious. Now, I want to request the Hon'ble Chief Minister that attention is required. Because, the way they are constructing the fencing most of the villages in my constituency will remain outside the fencing. Now, I want to know from the Hon'ble Chief Minister that why till now they have not sent any representative form the Revenue Deptt. for assessing the damages because this fencing has damaged cultivable land. This is the letter from the EPI (Engineering Project India Ltd.) to the district collector. They have sent this letter deputing of revenue representative for carrying out joint survey of Land/Houses/trees etc. fallen on approved alignment. They have written, it is requested to depute a revenue representative for joint survey with EPI so that details will be recorded for finalizing value of land, houses for the acquisition of compensation. This is not fair on the part of the Govt. They have not taken any initiative. My people are suffering and their cultivable land were destroyed. Where will they settle now.

Question arises, most of the people even in Kawrthah constituency that Amsury, Tharabonia will remain out side the fencing. Now how will you settle these people ? Did the Government has taken any initiative ? For example, they could not cultivate their agricultural land this year. They will automotically die of hunger. So, this is very serious problems. Sorkarin tun thlengin a la ngaihtuah lo, kha kha cngnge a chhan ? I will be very grateful if Hon'ble Chief Minister make a statement in this House. The issue is very serious. I do not want the people to be neglected. Therefore, Mr. Speaker, it is not that as opposition we always want to criticise the Govt. that is not my feeling also. But what is the truth that the Govt. has to accept it ? Because our people has been suffering, our people will die, our lands were destroyed. Now, the land by which they are surviving their earning has been destroyed. The Govt. is still sleeping without taking any initiative till now. I have spoken this last time also. This issue is very serious Tlabung constituency also is a part of Mizoram. If you go neglecting this way I do not know what will it be in future. This is not only the reason. Tlabubung constituency is one of the constituencies which is neglected and most backward in each and every field. Therefore, Mr. Speaker, since this is the demand of the Hon'ble Chief Minister, I hope now attention and immediate action is required in this regard.

Mr. Speaker, another problem faced by our people that, I asked in Unstarred Question No. 74 Who is to prepare census roll ? Please give me in detail village wise, the number of persons within my constituency. The reply given to me by a Local Administration Deptt. the Hon'ble Minister said that LAD does not prepare this. Ka zawhna chhan chu hei hi Village Census a hming a awm loh chuan PRC emaw Birth Certificate emaw engmah a lak theih loh. So, I want to know from the Hon'ble Minister. Who is to prepare this village census roll. This is not fair even my name is not included. So, people are suffering greatly. I will be grateful if instruction is given that the village census should be up dated for the benefit of our people. Thank you, Mr. Speaker.
