PU NIHAR KANTI CHAKMA : Pu Speaker, ka lawm e. Tawite ka han sawi ve ang a. Regarding the Demand No. 24, Health and Medical Department. Pu Speaker, since we are discussing demands of Medical Department, I want to bring to the notice of the Hon'ble Minister regarding functioning of S.M.O Office at Tlabung.

If we see the functioning a SMO Office at Tlabung we see that the government is not committed. Pu Speaker, the Govt. is not committed to provide health facilities to the people of Tlabung area. If we see in previous years of three doctor presently there is only one doctor is function at Tlabung SDM & HO Dental surgeon, all of them has been transferred. Therefore, on the floor of the House. I was completed to speak about the Demand. S.M.O. dental surgeon and 'X' Ray technician should be posted at Tlabung Civil Hospital as early as possible. I will assume that within June is not transferred all these officers. I am assumed that the Department is not sincere in providing Health facilities to the people of Tlabung and surrounding areas. If we compare to the other Hospitals. For example Champhai SMO Office. They are having five doctors and at the sametime Kolasib SMO Office, they are having six doctor whereas Tlabung in having only one doctor. One doctor cannot alone maintain many patients present. Tlabung is fifty bedded Hospital. Comparing Champhai and Kolasib, one doctor is quite in sufficient, Pu Speaker, And as we know, the Tlabung area is Malaria infected. Proper facility is to be given to the Hospital. Previously I spoke regarding the regarding the Gypsy type of ambulance, which was provided for the Tlabung Civil Hospital under All India Hospital Post-partum programme. Even that Ambulance also is given to the other Hospital. I would like to request the Minister to see in this regard. And even one more serious thing is, In whole my constituency if we see Health Worker is not properly stationed at their posting places. Most of the Healthworkers are personally not known to the VCPs, this is very serious problem. Pu Speaker, I hope the Hon'ble Minister to look into the matter. It is not that being a opposition member we always want to criticize the government, but there are some policies which we like to appreciate like organising of eye-camp at Tlabung. I must convey my sincere thanks to the Department and to the Hon'ble Minister plus Durtlang Civil Hospital. It is due to their efforts that they have organised eye-camp at Tlabung and nearly about 40 persons have been successfully operated. I would also like to request the Hon'ble Minister to organise such camp in near future in the rural areas especially in Tlabung.

In regard to the Demand No. 7, Excise, my colleagues Pu Rokhaw has spoken regarding the failure of the implementation of total prohibition bill. I think as per my opinion we must give our second thought, are we really successful in implementing the total prohibition Bill. As he has already said I also suppose that

even in Tlabung Zu is freely available. Therefore if we really want to implement is total prohibition. Excise Department should post one of its staff for the purpose with these few words Pu Speaker, thank you.

[Faint, mostly illegible text, possibly bleed-through from the reverse side of the page]
