PU NIHAR KANTI CHAKMA

: Pu Deputy Speaker, ka lawm e, It is a matter of satisfaction, Pu Deputy Speaker

to participate in a general discussion on a demand on School Education Department. The matter of satisfaction firstly that Mizoram is the second in the literacy percentage first next to Kerala. Secondly our Hon'ble Education Minister is the chairman of North East Education Minister Conference. Pu Deputy Speaker, it was of opinion that it is due to backwardness of the Chakma Area that Mizoram could not become first in the literacy percentage. Therefore, Pu Deputy Speaker, I take this privilege to bring to a notice of the Hon'ble Minister regarding the misfeasance functioning of the Education Department in the Tlabung Area. It is very surprising to know there are more than twenty single teacher Primary school within my constituency Pu Deputy Speaker it is surprise to know that in one of the Primary School that is Batnaisura there are 101 student of the above 101 (hundred one) and teacher is only one. And I am afraid that, the teacher may become mad one day. I think, it is very difficult to maintain that discipline of 101 (hundred one) students plus it is from Nursery to class IV. Pu Deputy Speaker, you will be surprise to know that there are school within my constituency. Where there is no teacher. I would like to request our Hon'ble Education Minister to note down that the name of the Village : SUMASUMI Primary School, where there is no single teacher till now, there are many students, if there is teacher there will be more students. Pu Deputy Speaker, if we see as per the Education criteria for fifty to seventy, there should be four teachers, and for 20 to 50 students there should three teachers. In my Constituency, it is far below the criteria. Therefore, I request the Hon'ble Minister to look and special consideration to be given to my

area in the development of education. And I asked the question, Unstarred Question I request, there are five High School in my constituency as replied by the Hon'ble Minister. Out of which only one Government High School. Two Government Aided School and the two High School are privately run by with the Public donation. I demand the Hon'ble Minister that Modern High School at Tlabung and Lungrang High School within my constituency should be immediately up graded for the development of education. Previously, we used to get some financial benefit from the department. But after the formation of New Government, not a single time we could get the financial benefit for maintaining these Model High School Tlabung and Lungrang High School. Hon'ble Dy. Speaker, I demand from the Hon'ble Minister that Tlabung Govt. High School should be upgraded as Higher Secondary School. Most of Schools in my area is lacking far behind the standard. And in my area specially most of the teachers are getting retirement every year. And in the coming days also two teacher are going to be retired. If those teachers, after retirement of those teachers there will be no teacher not in our many schools. Therefore, consideration should be given in matter of appointment specially to the Chakmas areas. Special attention should be given. Special consideration should be made in regards to the appointment of teachers in my area. And, there are more than 35 villages where there is no Primary School.

I have asked from the Minister that 'Tlabung Constituency chhunga recognised village ah engzat nge la nei lo? The reply of the Minister sorkar school din dilna nang khua atang te hian a la awm loh avangir sikul ala ding lo. I think it is mistaken by the Hon'ble Minister. Almost all the villages applied for the Running School. Even personally I am demanding. There are more than 35 villages in my constituency that Primary School should be establish. This is one of the foremost demand in regard to my constituency.

Mr Dy. Speaker, in regard to the demand No. 38 Rural Development, most of the schemes under taken under BAP the money is not utilised properly. Although we are getting large amount of money from the Central Govt. Money has been mis-utilised many schemes undertaken within my constituency, such as construction of playground amounting to Rs. 2 lakhs. I did not find playground. Hon'ble Minister may go and see what is happening at Tlabung regarding the BAP scheme. And also, there are many schemes, it is very difficult to readout all the schemes also, Regarding order from the Director of R.D. Department, construction of Truckable road from Serhuan to Nunsuri the order had been issued on 24 March but the work has not yet been started. I am not against who ever get the work. The government may give the work to whom ever he wanted but what I would like to request is that work properly. Atleast 50% they should the money even 25% of the work is not done 25%, they are

not using the money. Just go and see the work and draw the money, this is quite unjustifiable. Pu Deputy Speaker, I request the Hon'ble Minister to look into the matter and take necessary action.

In regard to food & Civil Supplies Department previously in Tlabung Legal Metrology Office has functioned but now it has stopped. I request that should be re-open immediately. Even the Hon'ble Member Pu Lawmzuala had also said that there is no stock of food and sugar at Tlabung godown. One more thing I regret to say about closure of Malsuri godown within my constituency. If the Hon'ble Minister could fulfil the demand of Pu Rokhaw why not fulfil my demand also and I request that supply godown at Malsuri be re-opened. This will help the people in getting rice regularly. The Hon'ble member Pu L.N.Tluanga had already said that there are many genuine citizens who has not given ration cards I request the ration card should be given to the citizens otherwise Govt has to take responsibility in case if they die without food. Govt. should not deprive our citizens right to live and livelihood. Pu Deputy Speaker, I request that petrol pump should be opened at Tlabung.

Thank you.

PU ZAKHU HLYCHHO

: Pu Dy.Speaker, ka lawm e.

A hmasac ka sawi duh chu kan supply Minister hi zawhna ka pe a. Chutah chuan Buhfai harsat thu hi engmah report dawng o angin a rawn chhang a pawl ka ti khawp mai.
