PJ NIHAR KANTI CHAKMA

: Pu Speaker, ka lawm e, since today, we were discussing, the Demand of the Chief Minister, before I speak on the Demand I would like to bring to the notice of the Hon'ble Chief Minister and I also

request to take necessary action regarding the matter, Pu Speaker, I would like to bring to the notice of the Chief Minister is that the injustice has been to the people of my Constituency with request to Shri Kunal Chakma, from the office of the Commandant, he has been dismissed, Office of the Commandant office order Constable No.158, Kunal Chakma of 2nd MAP is hereby removed from the service as per article 311/2(b)/constitution of India with immediate effect. His unauthorised absent of duty from 28.3.2000 to the date of the issue of this order is treated as ~~vice~~ known in all respect, Pu Speaker, I would like to state that he it has done injustice. He was suffering from fraction of leg. He has even produced medical certificate also from the concerned authority. He has also submitted everything for re-employment and I would request the Hon'ble Chief Minister to take necessary action otherwise he will be compelled to go to court.

Now, let us come to the Demand No.16 that is Information & Public Relations, Pu Speaker, here I would like to say that although there is a Assistant Information & Public Relation Office at Tlabung but till now the officer has not been posted yet only one Chowkidar is there. I demand that for the benefit of the Tlabung people, that Assistant Information & Public Relation Officer should be posted and in regard to the Demand No.19 that is, Finance Department, if I am not mistaken in the year 1987 sub treasury at Tlabung was functioning. Without stating any season all the staffs has been withdrawn and all those sub-treasury officials has been posted in different treasuries within in Mizoram ? I request immediate reopening of sub-treasury at Tlabung and this is also one of the most important demand on the people of Tlabung, one Hon'ble Minister said that we will re-open sub-treasury at Tlabung as soon as possible, I hope and request you will take note this matter and in regards to the demand No.39 that is Power & Electricity and we know most of the Hon'ble Members had spoken regarding the irregularities in electricity Department. The power is very poor especially in my constituency and I had asked a question regarding the electrification of Khawmawi Village. Why Khawmawi Village had not been electrified till now, the reply given by the Hon'ble Minister i/c, Khawmawi khua hi Ngenpui Wild Life Sanctuary huamchhunga awm a ni a. Forest Department in transformer leh power line phunte an phal loh avangin he khua hi electric eng pek loh a ni. I want to know that they had permitted establishment of the village why now they do is things happens transformer leh power line bumna. It is quite unjustified a khuaah Hin a phal chuan transformer te chu din phal tur hrim hrim a nia, Pu Speaker, chuvangin, I request in this House to Hon'ble Chief Minister to look into the matter. And the name Khawmawi be itself speaks everything. Khawmawi means Khawmawi. It will suit the name, if electricity is given to the people. I hope Hon'ble Minister will

note this. In regard to the General Administration Department as you know, Tlabung is one of the most important town even in the time of British period. Just next to Aizawl, Lunglei and Demagiri. There are more than 23 department at present is functioning. Therefore, we also justify demand of Tlabung be created District Headquarters because, this is one of the most important southern important town. Moreover, we are going to open Border Trade at Tlabung.

And this is also one of the most important demand, the creation of Tlabung as a District for the people of Tlabung, with this few words Pu Speaker, ka lawm e.
