PU NIRUPAM CHAKMA

Pu Deputy Speaker, ka lawm e,  
Para 55 page No. 49 Hcn'ble  
Governor has mentioned about  
the District Council Affairs Department.

He mentioned in this way that "The Department of District Council of my Government successfully conducted the Election of Lai Autonomous District Council and the Chakma Autonomous District Council Affairs Department has also taken a concrete step towards framing appropriate rules and regulations for the three District Council. Uniform conduct of Business Rules for the three District Councils have been completed". Pu Deputy Speaker, Sir, I would like to mention how the District Council election was conducted. The District Council election, General election of the Chakma Autonomous District Council held on the 14<sup>th</sup> February, 2002 is the 7<sup>th</sup> in the series. Pu Deputy Speaker, the election we had was not at all free and fair. I had never seen such election in the District Council so far. I would like to inform the House that the Government of Mizoram and the MNF Party and the District Council Executive Committee had rigged the election. I will justify my point. Just before the election held on 14<sup>th</sup> February, the Autonomous District Council Executive Committee of CADC appointed more than hundred person in service without advertisement, without post creation, without interview, we have brought to the notice of the Government including the His Excellency the Governor of Mizoram I was happy that the Governor has instructed the Government to take severe action but the Government of Mizoram have done nothing so far. It is a matter of great concern, Hon'ble Finance Minister may take notice of this matter, while the Government of Mizoram cannot appoint even one Muster Roll employee because of financial constrain, how can the CADC Executive Committee appoint such a large number of person without any procedure. Not only that mass promotions were given to the employee of CADC just to get votes. The CEM himself in his constituency appointed more than 30 persons and he won the election with 27 votes. I have never seen in such an election in my life, we were also in the Government we have never done of this kind of corruption, we have never campaign during CADC election with the Government vehicle, why Minister were coming to the election campaign with Government Vehicle, Flag Cars and having entertainment in the CADC Rest House with the expense of CADC money?

This is a clear violation of establish procedure, the rules during election. Pu Deputy Speaker, Sir, I would like to appeal to each and every members of the Cabinet please don't come to any District Council Election, because these are local body election. Don't use your power, don't try to show your power to the District Council, misuse power, we have never done, there is no record, I have never gone myself during election with government Vehicle with my flag car. Why you are coming in this way, I was the Minister in that area. We had several election. My Chief Minister Pu Lalthanhawla never came there with flag car. Why should they go there. We have this MIP what they have told in the election, during the election, if you don't vote for MNF we will cancell your selection. Minister in a sawi a lawm. MIP hmangin in campaign a ni maw? Vote zawn nan MIP hi a nilo a ni, Development nan a ni zawk.

Vote pek emaw pek lo emaw hemi Scheme chu khua thatna atan a ni. Pu Deputy Speaker, I would like to say, I would like to inform the House I have never seen in my life that the election of chairman in CADC, that nomination have to be filed three times Engatinge, three times nomination filing have to be done. They had change the rules also. Two times under the Mizoram Autonomous District Council Constitution and conduct of Business Rule 1974, they had call the election but the Government of Mizoram postponed and change the rule and finally brought and the new rule which was not passed in the House of District Council. Which were not refer to the select Committee also. Why the Government have to do this. It is a clear rigging of Election. Therefore, I am very very sorry that His Excellency the Governor had mentioned the successful completion of election in District Council. When there is local body election please allow them to run their own business if any Party in the Government try to show their influence, their power their Ministerial capacity in the local body election that it is clear rigging and I termed the CADC Election conducted was clear rigging, I should be very happy of Governor have mentioned that the election was rigged. Central Minister chu Sorkar Helicopter in lokal mawle, Sorkar senso-in.

Pu Deputy Speaker, now I would like to mention is the Government performance, I have gone through the Speech of His Excellency, the Governor, what I have seen is the highlighting mostly the achievement made from the Central Schemes. About the World Bank Scheme I am very happy today, that the World Bank Scheme was initiated by the previous Congress Government in 1997 and it had come to this stage that work had been started, I am happy to say that a previous Congress Government had initiated the Scheme and successive Government will follow, will execute. Now it is MNF Government, tomorrow we may come back, we have to do. If MPC come back, they will also have to do.

Pu Deputy Speaker, there is a mention of construction of Community Health Centre at Chawngte, Community Health Centre is supposed to be 30 bedded, but I am sorry to mention here that Chawngte Community Health Centre, a building was constructed under the BADP with 48 lakhs rupees, but the building is not the mark, The Contractor is from Lunglei and he is not yet a registered Contractor. Registered Contractor nilo, 48 lakhs man hna kha pek a ni. Register Contractor nilovin khatiang zat man kha an thawk thei em ni? Mahse an thawh tir a, work quality was very bad, of course building a sak a, but what is the quality? You don't only mention that this much have been done, we have to see the quality of work also. The BADP works in this morning also our Hon'ble Minister was mentioning that so many works have been done. In Malsuri, from Malsuri to Puankhai a road was suppose to be constructed with 10 lakhs rupee. Pu Deputy Speaker, I would like to inform the House that no work have been done, no works, please constitute an enquiry commission, nangma Bial pawh sawi ang, keima bial ringawt ani lo, you please constitute the enquiry commission in your constituency also, you see how BADP works are implemented.

Pu Deputy Speaker, kindly allow me to speak a few more points, I would like to say that we had been pleading to the State Government for undertaking

Kamalanagar Private College into deficit system but in the Governor's Speech in the next year budget also, next year programme, I have not seen any deficit Private College to be taken up/upgraded. There is no mention of upgrading private colleges. I am very sorry about that. I have no hope in this Government I have pleaded many times through questions even through resolutions also. Education should be balance. I had the College under my own initiative, under my chairmanship. I have establish this college, now it is a time for you, the Government to bring under deficit system, you have won the election, but there is no reward, you won the election by rigging, by what even means, Mr Deputy Speaker, Sir, ka lawm e.
