Pu Speaker, First of all I would like to thank you for giving me time to move my Resolution. My Resolution reads as follows the Kamalanagar College be upgraded to deficit system during financial year 2003-2004. Mr. Speaker, Sir, please allow me to speak a little background of how Kamalanagar College is established. As the honourable members are aware the Chakma area particularly the CADC and the neighbouring areas are educationally backward till today. The situation was very pathetic till the opening of a few High Schools in those areas in the eighties and early part of 90's. Establishment of High Schools like Chawngte P, Kamalanagar, Borapansuri, Parva, Chawngte, Lungrang, Tiperaghat in Tlabung area raise the aspiration of the people of that area to open a college for pre-university classes. Due to heavy demand of the people of that area. I in consultation with the CADC, other Government servants public representatives, businessmen and general public had initiated the process of opening a college with this background.

The first meeting was held on the 27.12.90 for the establishment of college and a committee was constituted under my Chairmanship. As we all know, the establishment of a college requires lots of efforts especially the requirement of finance. Although the committee was constituted, we have to take a lot of effort in realising our dream of opening of college. And finally, on 2.4.92 the college was established. Pu Speaker, the colleges establishment will receive a member of students from different localities from Tlabung, Marpara and part from CADC and neighbouring Lunglei District and Lai District Council. The permission for opening of Pre-university College was granted on 11.5.94 and opening of degree classes was obtained on 17.11.95 and the college was affiliated to NEHU on 17.4.99. The subject for the Department open in the college are English, Economics, History, Education and Pol. Science. Last year figure of enrolment shows that 51 BA students, 2nd year 37 and final year 32. As I have already stated for the establishment of a college, the Government of Mizoram and NEHU had the norms for giving permission and also the affiliation. Although, the college was established in 1992. We had to face so

many difficulties including the teaching staff and sometimes the number of students but we are lucky that we had people coming from different parts of India on our request for teaching in our college Kamalanagar College. Now a school we had Kawkland Higher Secondary School which was actually opened after the establishment of the college, since previous classes were no more with the college and introduction of Hogher Secondary School in Mizoram, we were also lucky the Kamalanagar High School was upgraded into Higher Secondary School. Therefore, the college run eight degree-classes. In regards to the teaching staff as per the information supplied to me by the Secretary of the Governing body. English teacher - 3, History - 4, Economics - 4, Education - 4, Pol. Science - 4 and plus the Principal altogether they are 18 teaching-member, we have the non-teaching staff like one LDC-cum-typist, one LDC - cum-Library, one chowkidar, one peon and... LDC cum typist that means 2 LDC cum typist.

In regard to building PU Chairman I would like to inform the House that the college has a Assam Type Building with the room of, class-rooms, the Principal Room and the Common Room Office. In regard to land the Chakma Autonomous District Council has issued a huge plot of land for Construction of College Campus, Residential building for Principal, Teaching & Non-Teaching Staff and L.I.C pass also issued in this regard guide a few year back. The present governing body is headed by. Shri R. Chakma, C.E.M of Chakma, Autonomous District Council and he has been the governing body member since I relinquished the post after it was the Degree Classes, Permission was given. Mr. Chairman, I think that the necessities for opening a college in the backward areas must be exaggerated. However, I would like to point out that, our college is the only Communal College in CADC having a population of 34 thousand plus the population in the neighbouring areas of Lai Autonomous District Council. It also enters from the Charngte areas of Lunglei District, not only that with Tlabung, areas of Chakma areas and also from Marpar & Tuipibari. That means it the only Degree College in the entire Chakma Area in the Western Belt. Pu Chairman under this circumstances I think the college not only deserves special attention from the Government. The matter have been bought to the Government after we received at least in 1999 for upgradation into deficit system. I have been pressing to the Assembly through questions and resolution. This is the only time that I am lucky that my resolution had been put in the order of precedence is number one. So, I take this opportunity to request all the Hon'ble Member in this August House, to sympathise with the people in backward area and so to say that in the three Autonomous District Council - Chakma Autonomous District Council is only Autonomous District Council where there is no deficit or either the Government College. So, therefore from that angle measuring from that angle also, the College deserve since it is locate in the Autonomous District Council Headquarters Chawngte, therefore, Mr. Chairman I need not I think....more of the need for the better treatment from the Government. I would be happy that endeavours are held by the Hon'ble Members through your concensus decision of passing the resolution today. Before, I conclude Mr. Chairman I would like to remember today Mr. Hiteswar Saikia, Chief Minister of Assam who also help us financially so I must place in record today that in this

opportunity that when he was a Governor in Mizoram after he left Mizoram we also approach him when we have establish this college to help us. Although he become the Chief Minister of Assam, he help us financially for the college and the first principal Mr. Burdan form Calcutta, he left his service 17 service in a deficit college to join us as principal. But unluckily he had to go back. Now we live teaching staff and good and efficient governing body. Now we require help form the Government. So I request all the Hon'ble members in Treasury Bench, in the opposition bench to support this resolution. By supporting this resolution you will be supporting the upliftment of education in the most backward area and the minorities. Where Chakmas, Bawm, Bang, Bru and even the Mizos are availing the services of this college. So, with these words I one again request all the Hon'ble members to come forward and support my resolution. Kamalanagar College be upgraded into deficit system during the financial year 2003-2004, thank you.

PU NIHAR KANTI CHAKMA :

The previous Speaker, has stated that there is only one MLA who always raise Question regarding his Constituency only. Pu Speaker, here I want to say that, that is we, because I give importants to my Constituency first. Because it is due to you help in elected. Resolution move by the Hon'ble MLA Kamalanagar College the upgraded into deficit system during the financial year, 2003 - 2004. I support this will, and I personally congratulate the Hon'ble member because he is the first Chairman of the Governing body, as we know Kamalanagar is the headquarters of the Chakma Autonomous District Council and out of three District Council if we see the statistical data in every district council for example : In Mara Autonomous District Council there is a Government Saiba College and even in the Lai Autonomous District Council there is a deficit College, Lawngtlai deficit College, there is a Lawngtlai Deficit College only Chakma District Council does not have a Govt. Deficit College. As already stated regarding Affiliation and enrollment of the students and also figure of this small teaching staff, building with clearly fulfill the criteria for getting this upgradation.

Pu Speaker, as we see here regarding the Schools, there are many Schools in my constituency like Lungrang, Tipperagh and this Kamalanagar College students most of the students from my Constituency even from Tlabung. Most of the parents are very poor, they cannot afford to send their children outside the state. So, this Kamalanagar College is the only College where they can further their studies after matric. Therefore, I request all the Hon'ble members to support this without much discussion. If we pass this resolution it will greatly help the students who cannot afford to study outside the

State especially in my area. As we see, if we cross Lunglei, beyond Lunglei there is not a single College. Even in the whole of my constituency there is not a single College. An it is the only Kamalanagar College where poor students can afford to study.

PU SANGHMINGTHANGA H.PAUTU : Pu Speaker, ka lawm e. Nichin atang...
