PU NIRUPAM CHAKMA

: Pu Speaker, ka lawm e. First of all I would like to speak to medical and health services. Pu Dy. Speaker, in recent visit

to Chawngte, I have personally visited the community health centre at Chawngte, I found that the building constructed last year under BADP with the amount of 48 lakhs amount rupees. There are many crack develop in the building which can be seen very clearly. I would suggest the deptt. to go immediately and find out the fact because this is the information I'm giving as an MLA from that constituency. The latrine, bathroom are blocked, the person used to go for latrine outside in the jungle, because no latrine can be used inside. Then the wiring system is very very temporary, there is also danger of fire. Pu Dy. Speaker, the condition is more pathetic because water tank three small tanks are kept inside. For such a community health centre I think it is very inadequate.

The other thing, the shortage of staff also, particularly in these areas Pu Dy. Speaker in the last Assembly Session also I had mentioned that in the Chakma Area where people do not want to go on transfer, particularly health work-ers male/female, even doctors are reluctant to go to this place. I am surprised to note that during the last four years not a single chakma was selected for even health worker training, for nurse training in spite of there being many applicants. It is a very sad state of affairs. Unless we train local people there is already shortage of staff in many sub-centres, there is no staff. Barapansuri no staff, Pharva no staff, Adasura no staff. The Health Deptt. I would dare particularly that the Chawngte Area is neglected. You please note the Chawngte area is completely neglected. We don't have drug addict in our area, there is no drug addict. I remember I have asked for bonus from the health Deptt. You spent lots of money to treat the drug addict to control the drug selling in Chawngte area, there is no drug addict, but you don't give us any importance you do not give us any bonus. For peace bonus you are asking from the central govt. Pu Dy. Speaker, when the health condition particularly in our area, so there is no attention from the govt. in every year, many people died of Malaria. There is only one Microscopist available at Chawngte CHC.

Pu Dy. Speaker, there is lot of point to speak regarding particularly about the school health programme, if you see the budget this is a very important programme but look at the budget. The budget provision is very very..... A very small amount, So, I would insist that in the Revised Budget at least let us see whether we can put a very handsome amount because the school healthy especially is concerned with the children. If we take up this programme in a right spirit, right manner I think many problems on health ground will be sorted out.

Pu Dy. Speaker, regarding I&PR

I would like to mention about the publication of one pamphlet by this deptt. and I have also seen at Saiha Rest House one booklet published by the deptt. on the achievement of the govt. I do not oppose publication of this type of pamphlet by the deptt. concerned I & P R out the presentation inside is highly objectionable. One point I would mention, this is a govt. that works, one point I would like to mention is in the pamphlet point No.24 'Airport changkang hawn thar ani ta te hi, hawn thar chu a ni e, sorkar-in a hawnthar after 12 days of the installation of this new govt. airport was inaugurated. The basic fact the deptt. should project. It has not given the credit to the previous Govt. why ?

Pu Dy. Speaker, likewise the achievement mentioned I think if the deptt. is impartial it will be very much welcome let the deptt. presents in the right spirit it is the political pamphlet not a govt. pamphlet, if you read you see the content we read, the world bank scheme, the referral hospital all these are initiated by this previous govt. (congress) but the deptt. is very kind to give the credit to the present ministry why ? I want the deptt. don't prepared these type of pamphlet anymore, otherwise!..... kha sawi lo alawm, kha kha sawi tur a ni a, previous sorkar-ah tan tawh a ni a. Heng hi sorkar hmasa in a tih puitlin sa, chhunzawm tih sawi tur a ni a, engatinge ti khan in sawi ? engatinge credit reng reng hi he ministry kutah an pek ? a bias lutuk hei hi chu.

Don't work for MNF Ministry

only you shouldnot be bias, as a deptt. Pu Dy. Speaker, regarding Excise you go within one kilometre radius of this Ass-embly everywhere you will find Zu one kilometres of radius of this Assembly. Once I have given information to the deptt. but in that same place still Zu is sale, so.... engatinge an hriat theih loh, engatinge an hman theih loh ? an inlungual em ni tih kha don't take it otherwise..... within one km radius of this Assembly..... in plenty, why the deptt. is in active P-u Dy. Speaker, when I say this the deptt. officer should not mine they are made in some witness in the deptt. also. Let than examine Pu Dy. Speaker, Transport chungchangah khan - Hmanni-ah Tuipuibari-ah ka kal a, Bus Service an tihtawpsak a ni awm e. An khawngaihthlak lutuk a, bus hi in tlantir leh thei ang em ? tih hi a bialtu MLA kha tunah Minister a ni mek a, a bialah bus a tlantir theilo hi chu a khawngaihthlak a ni. Ka han ngenpui a ni e. PU NIHAR KANTI CHAKMA : Pu Deputy Speaker, ka lawm e. Tawite ka lo sawi ang a. Demand No.4 Administration of Justice.

Pu Deputy Speaker, In a democratic country like India Administration of Justice is very important and it is one of the main principle of democracy. Administration of Justice, As we all know democracy is a Government for the people, of the people and by the people. I think it won't be a mistake on my part if I say democracy is a Government of the party, by the party, of the party. What I mean to say in regard to Tlabung, Tlabung is the oldest Sub-Division in Mizoram, still Court is not functioning. Where is the administrations of justice, there is no justice, because Court is not functioning. There is no SDO, there is no ADC, SDPO is there, OC is there, but Court is not functioning if Court is not functioning how you will give justice to the people now honourable Minister laughing at me. So, now I want to speak here in this House being a constituency of opposition Party this Ruling Party is neglecting my area you cannot provide a justice to us although necessity is there. Tlabung is near about 98 Kilometre from Lunglei how can you give justice from far away. If a person is arrested we have to produce before the Court within 24 hours coming and going it will take more than 3/4 hours so this Government is providing this type of justice and my area it is very sad to say it is most neglected in each and every field, medically, educationally, very backward. How many time I've spoken about this in each and every five years is going to be completed every year we used speak about demand and which is very important in our Constituency we used to speak, we used to demand, but it is useless to speak here in the House because whatever we demand our demand. Our demand is not fulfilled in case of Medical & Health Services the condition is very horrible. There is no Health Worker, most of the Health Worker are not in station at all times. Hon'ble Minister knows very well. I'll not request anymore, let me remind him, Pu Deputy Speaker, on 7.1.2002 Secretary had visited and we've expressed our grievences. In Tlabung Civil Hospital there is no X-Ray Technician, there is no Dental Surgeon even there is no Senior Staff nurse, how will the Hospital ran one Doctor cannot look after each and every body, Government must take the responsibility there is no Staff. At one point Pu Deputy Speaker, I would like to mention the name of a Village Puankhai. There is a Health Sub-Centre but the people there have not seen who is their Health Worker. Government must take the responsibility. I must blame the Government why my area is neglected. This is the Condition of Health Services in my area. It is most backward as we all know. Tlabung area is Malaria prone Centre if the care is not given in the field of Health, the situation will became out of controlled, many people may die.

Let me speak a few lines about the Transport, during question hour. Zawnna te kan siam a Tlabung leh Lunglei inkar, engvangnge MST nitin a Service ngai loh ? nitin a Service ngai loh avangin dak (mail) Service pawh kan dawng ngai lo. This is very serious problem. We don't received mail regularly. Sometimes it is very urgent, very important sometimes people did not received the documents in time when the date is expired they receive it. This is a very essential, if we look in matter of public importance, public utility, we have to give service. The private buses can run on profit. Why not Department cannot run in profit. Here also I will not request the Minister to look into the matter. No action has been taken, don't want to request also. Why should I request, let him do what ever he like. But we must remember what ever he does should be for people. Purpose. Sometimes I think, Tlabung is not part of Mizoram or what if Tlabung is developed whole Mizoram is developed, and now I express my grievences here. Our people are suffering like anything. Engvanginngge Chawngteah MST bus a Service theih loh. Engngeni a chhan Sorkar hian mipui hnenah a hrilhfiah tur a ni. A buaithlak khawp mai. Private bus te chu a man a sang lutuk, a chuan man a to lutuk a, public in an zo lo a ni. Private Bus pawh a kal theih chuan engvanginngge Sorkar a kal theih loh. Chuvangin he thil hi chu a serious lutuk a ni. Pu Deputy Speaker, Sorkar hian rilru thar an neih a ngai. Otherwise whom to blame, Blame should go to this party. That is why I say sometime this is a democracy for this party. Thank you.
