PU N.K. CHAKMA

: Pu Speaker, ka lawm e.
I'd like to speak about
the Demand number 43 that
is Rural Development. Many

honourable Members, both from the Opposition, as well as ruling party they have spoken about the Rural Development Department, most of the Members have blamed about the mis-functionings of this Department, even in my Constituency it is also same. I really feel it is very much unfortunate that such an important Department working in this way, without following the proper procedure, this is the Unstarred Question given by the honourable Minister. Here, Pu Speaker, as we see this work which falls within my Constituency, most of the works, it has been given on contract basis. Therefore, if we give on a contract basis, the work is not properly executed. Even it does not help the Rural people. At the same time, regarding BADP also I am having the document also, without working, money has been released. For your information Mr. Speaker, Sir, just for example I am giving this things, construction of jeepable road from Tlabung to Chawilung which has been allotted 1 lakh 50 thousand. But the money has been released without executing the work. So, this is very much unfair. Even in the guidelines, it has clearly written that due emphasis should be given to the effective development of the local people. Here this is the case. The Local people are not given due care. Therefore, Mr. Speaker Sir, fair thinking should be given about the working of this Department. Let us come and let us work for the development of Mizoram as a whole. Let us think how to develop, which will be benefitted for the whole people. Since the work has been allotted for the development of Rural People but nothing has been done. Life remains the same. Specially in my Constituency, most of my people are very poor, daily labourer, but this people

have not been involved. They are not benefitted. Only Contractor, they just go, work, when their money has been released.

So, Mr. Speaker Sir, this is not fair. Therefore, I request Hon'ble Minister should rectify the working of this Department.

About the Demand No. 31 it is very sad and it is very unfortunate regarding the District Council, I really condemned the way they have handled the Chakma District Council issue. In regard to the Demand No. 32, Labour & Employment it is very sad to say in this House, I have received a complaint from my Constituency. They have come for registration in the Employment Exchange but they had been denied. Therefore Mr. Speaker Sir, let us look very carefully and necessary action may be taken in this regard.

In regard to the Demand No. 50 i.e Road & Water Transport, previously MST Transport is flying from Tlabung - Lunglei on daily basis but now it is very irregular, the bus also is very dirty and not properly maintained and at the sametime, I will also like to request the Hon'ble Minister that Lunglei to Chawngte MST bus service should be conducted regularly. Thank you.
