Our primary concern should be the people, the poor people and in regard to W.R.C. most people do not have the W.R.C. However, this is also a good policy.

But mostly, the well-to-do will benefit. However, if production is there, that will be benefitted. An budget kan en a Economics & Statistics chungchangah Agriculture Census chungchanga pawisa pakhatmah an dah lo a ni. Now, we are talking about drinking, self-sufficiency in food grains. But we do not have figure what is the approximate land available, cultivable land available in towns of WRC? Even Agriculture Department do not know how to defend plan. Therefore, a good statistic is clearly required. Pu Speaker, Agriculture Department chungchang thuah hemi subject pathum chungchangah Budget Provision a tlem a. Tichuan Department pawh a ni ang. I would like to request the Hon'ble Chief Minister to give importance to these items of work because this is very important and Land Use Policy also The Budget Provision is much less than 1998, even last year, this year also. A chhan chu State Bank kan nei lova, Treasury a awm loh chuan State Bank hovin kan duhtawh lo tunah. They are ready to go and open a State Bank but without Treasury, they have been pressing the Government. Last year also I had spoken, I am speaking this year again. If you do not open next time I shall speak again. But not in this fashion. That will be different fashion. Pu Speaker, that is why I would sincerely request the Hon'ble Chief Minister to please take initiative because we have been Chawngte Sub-Division the only Sub-Division in India. Chawngte block is the only block in India where there is no Treasury, please fulfill our dream. Thank you.

PU NIHAR KANTI CHAKMA : Pu Speaker, ka lawm e.  
First of all I would like  
to speak about...

S P E A K E R : Ngawi lawk rawh aw. Hei  
Dar 4 kan lo pel duai a.  
Kan kal zel mai ang chu  
ti rawh u. Dar 5 velah  
kan ti dawn nia.

PU NIHAR KANTI CHAKMA : Pu Speaker, about Demand  
No.1, during my father's  
time I had been very  
closely associated with  
this Assembly Secretariat. Therefore, more or less I  
know some of their greivances, here in the Assembly  
Secretariat, some post, in the Assembly Secretariat  
are suffering from anomalies in their pay like post of  
the Librarian, Editor of debates, sub-Editor of debates,  
senior operator and operator, they have not been given  
suitable pay, therefore, since their number is very  
less, it would not be much burden in finance. I re-  
quest the Hon'ble Minister, who is in-charge of finance  
to do this favour. In regard to Demand No.5 Election,  
here even last time also I've spoken, regarding the  
large number of deletion of voters, in my Constituency  
it is politically motivated . Let us see in the elec-  
total roll of 6th Tlabung Constituency year wise from  
1972, the total voters, Tlabung is 3972, and in the  
year 1976 5877 and in the year 1990 it has become  
8058, and in the year 1984 7768, in 1989 10884,  
and in 1999 it has become 7631. So, large number of  
legal voters, bonafied citizen in my Constituency  
has been deleted and I request Pu Speaker, Hon'ble  
Chief Minister should look after this matter because  
it involves basic Democratic right of people and for  
your example here is a Revenue pass of 1942 given by  
the Sub-Addi-tional Educational Officers Junglei even  
his name has been deleted . This is very illegal and  
during the time of revision the enumerator acts like  
IAS Officer even they don't want to distribute the  
form also here it is clearly written this has been  
given from the election Commission of India forms  
should be made available to the member of Public on  
the demand free of cost and the fill up application  
form received from the public should be submitted.

Therefore, Enumerators should be given strict warning and should be given guidance for matter. Lets come in regards to the demand No. 46. That is Electricity.

Pu Speaker, here I would like to speak about the Electric Supply in my Constituency. It is very irregular. Even last time also I spoken although the villages in my Constituency has been electrified. But it remain without current. It is very sad. And even Tlabung which is a sub-divisional head-quarter, it does not receive the power supply regularly. And there are four D.C set in Electric Department installed at Tlabung. And out of four, only one set is working. And necessary action should be taken for repairing those three for giving a better supply, to my Constituency. And as we all know that Tlabung Village is so hot place, without current, the lives makes very difficult. Therefore, I request Hon'ble Chief Minister which also in charge of distinct power Department, to look into the matter for the betterment of public. And even in my village also there is no current every day. Sometimes it comes and goes. There is so much of fluctuation. And it is giving us some burden, extra burden for the poor common people, because we have to use this lantern. We have to purchase kerosene and this is an extra burden for this common people.

And in regards to Demand No. 36 that is Agriculture. Although Tlabung as a whole area, it is a very fertile land. And there is a lot of WRC land. But due to poor financial condition of the farmers, they could not improve their land. I request Hon'ble Chief Minister at least minor irrigation project should be established in my Constituency during this financial year for the betterment of farmers. And pu Speaker, last time also I had spoken. This thing I cannot digest. I have to speak again and again regarding the appointment of peon for Kalapani Govt. aided Middle School. That is Budamunni Chakma. Although as per selection Committee he has been appointed. An appointment letter has been issued on 15. But we did not try again S.D.E.O concerned of District. Lunglei 'W'. He has written to the Chairman for the cancellation of Budomunni's appointment order and instead some other who has been on the merit list he is number three, he has to be appointed in the place of Budomunni. So, this is very much injustice and it is clearly here written with the refers the subject above. " you are informed to cancel the appointment of Budomunni as a peon at Kalapani aided Middle School due to the objection from the higher authorities. This is very much injustice. I hope and request the Hon'ble Minister should take personally and interfere regarding the giving of injustice because this is quite illegal

If he had not been issued the appointment order okay I will agree. But even after issuing the appointment order and within no time again SDO concerned had issued to cancel the order. It is quite injustice. Is this the way of ruining the Government? Therefore Pu Speaker, Hon'ble Chief Minister should give me justice in this matter.
