Medical hi. Hei Tlabung Hospital chungchang hi Doctor indaihlohna hi a ni a. Tlabung Hospital hrim hrim 30 beddedemaw 50bedded emaw hi kan confused ta thin a, because if we include leprosy Hospital then it becomes 50bedded. At present there is 3 Doctors, one is SDMO, who does not sometimes look-after patient, and one is MBBS, the other one dental surgoen. In my constituency, as the area is very vast so it is very much inadequate, therefore, I request the Hon'ble Minister at least two Doctors if possible specialist may be posted in Civil Hospital as early as possible because Tlabung is considered as a Malaria infected area. Then comes regarding the Health Sub-centre, the over-all conditions of Health Sub-centre in my constituency, it is very bad. That building most of them had been completely damaged due to heavy Cyclone. Till now from Government side, no action has been taken for repairing all those health- sub-centre.

In last session the Honourable Governor stated that my government stands to committed to achieve "Health for all in 2000". But, Pu Chairman it is very regretted to say that even Polio Immunisation programme does not reach properly in time, still there is one Village that is Maujam village, which is having a village council, it does not cover this programme. Therefore, I request the Honourable Minister to see the matter and issue necessary action. At the same time, I would like to speak about the state Assistance Illness Fund just last week one person has come and he has been referred to B.Baruah Cancer Institute by the Medical Board of Mizoram. Although he has been refered, he does not have money to go for a treatment. Therefore, I would like to request the Honourable Minister that the rules may be rectified, so that he can avail this facilities. Whether he may be forwarded credit system or he may be given some money. Otherwise, for a below poverty line to go to Guwahati for treatment is a huge burden, still now he could not go. Therefore, I request the Honourable Minister the rules or procedure may be rectified for availing this type of facility by the below poverty line (BPL) people.

In the last session also, I have spoken that regarding the Gypsy type of Ambulance which is provided for Government Civil Hospital Tlabung by the World Health Organisation. Till now this Gypsy type Ambulance had not been delivered at Tlabung. I don't know why, therefore, I request on behalf of people of Tlabung for its betterment, because it has given for Tlabung Hospital. It should be delivered as soon as possible.

Secondly, Demand No.24 Sport and Youth services, Tlabung being the third oldest town from the time of the British. There is not a single good playground, therefore, I request these necessary finances

be provided for Tlabung betterment of sports.

In regard to Demand No.23, I would like to say that since it is the oldest town Tlabung has no college. Within my constituency there is not a single college. It is my request that at least one residential college if possible should be established for the development of education in Tlabung. Thank you.
