: Pu Speaker, Amendment Section 10-awarding kha tih that a ngai em ni aw tih ka ngaihtuah a, neither no persons shall draw tih chu..saptawng kha a dik lo nge, ka thiam lo zawk, hetah originalah chuan no persons shall draw tih kha a awm a, kha kha amendment tur em ni ? section 10 (2) ah khan, it is very clear here neither no shall draw, a sentence kha Pu Speaker, han chhiar pum sela, kha kha nakinah min clarify la tih ka sawi duh a. Pu Speaker, hei ka hma a member zahawm takin a sawi ang khan, minister zahawm takin a clarify tawh ang khan this rate is already applied, It was amended in the Rules he said, now, the present amendment seems to be just a formality in some section, because the rate has already increased. If I am not mistaken this matter was taken up in persuance of the memorandum of understanding signed as soon as this ministry assume office.

If we did it is very clear with the government intention is for additional revenue of District. It is very clear you want to earn more taxation the people of district. That is why all the polices whenever the amendment comes for any matter we have seen that the intention to raise the revenue, but without improving the efficiency of the services, services-ah efficiency awm lovin, pawisa duh vang ringawt a kalpui chu a dik lo a ni. I have seen in Chawngte how will we receive water but we have to pay Rs.100 per month, Reservoir in Mizoram, where the service is not regular, Gov't will collect uniform rate, it was less Rs.75, now it is Rs.100. If more units are used, they will have to give more money, my point is when we want people should contribute more money, more taxes to the Government at the same time, it should also give a better service, khami pek theih silova, pawisa ringawt duh kha chu awm zia a awm lo a ni. Public will blame us, today, it is this Government, tomorrow it may be other Government, but all Government should think in the same way, that service to the people should
