SPEAKER : Kan pawm thei maw? A lawmawm e. Tunah 10-na presentation of Vote On Account Pu J. Lalsangzuala, Finance Minister i ko ang.

PU J. LALSANGZUALA MINISTER : Mr. Speaker, as you know, I had, on the 14th March, 1996 presented to this august House an interim budget for 1996-97 and sought a "Vote on Account" only for the first four months of the year, April to July, 1996. That was necessary because of the ensuing general election at that time in the country, the central Government had deferred finalisation of Plan outlay and the Central support for 1996-97. This was very vital for a State like Mizoram whose budget is very heavily dependent on the Central support.

2. Under the circumstances, I had tentatively assumed the outlay on the State Plan in 1996-97 and assistance thereof at the same level as the normal dispensation in the preceding year. Unlike in 1995-96, no provision could be made for additional schemes like Capital Project, State University, etc.

3. I regret to inform the Hon'ble Members that due to unforeseen political developments at the Centre, the reconstitution of Planning Commission has got delayed and consequently, the finalisation of the State Plan is likely to take some more time. I am, therefore, not in a position to present the final budget, as promised earlier, and am constrained to seek another "Vote on Account" for two months, August and September, 1996.

I hope the House would appreciate the position and give its approval to the "Vote on Account" proposed by me

Thank you, Sir.
