Pu Speaker, Demand No. 17-na. "On the recommendation of the Administrator of Mizoram, and with your permission Sir, I move the Demand for grant No. 17 for Rs. 42,02,220/- for the services of Rural Development Co-Operation and Community

PU LALSANGZUALA: Pu Speaker, Rural Development and Planning Officer pakhat tih a ni a, Chhaintuipui Dist. hi kan neglect lutukin ka hria. Kan Ruling Party Leader kan sawrkar inefficiency leh Corrupt sia a han tarlang a. It is not surprising. This very budget is inviting Corruption. This budget completely neglects the interests of the poor, the minority and the backward areas. This budget denounces our Prime Minister Mrs. Indira Gandhi's policy of "Garibi Hatao". This budget ignores socialism. The more I study this budget, the more I find it difficult to understand. It was only yesterday that I discovered the existence of Communist Chinese political Commissariat type of departments in the Government of Mizoram, namely, the department of Local Administration and Administration of Justice. Officials from these Departments were openly campaigning for my rival candidates during the last two elections in Mizoram. Till two days back, officials from the Local Administration Deptt. were openly canvassing for the Ruling Party in the Village Council election in Kanghmun. Complete overhauling of the manpower of the above two departments are essential. Mr Speaker, what justice can you expect from such officials? I am really surprised to see this budget having been approved by the Administrator in whom I had so much confidence for making a new Mizoram. I had been outside Mizoram for about twenty years during which period I was very proud of being a Mizo and a Christian. Studying this Budget, I feel it is a shame to be a Christian and a Mizo. In this so-called land of Christianity I feel, this Budget is only expanding the Kingdom of Satan, the Devil. Thank you.
