PU SATYA PRIYA DEWAN: Pu Speaker, Medical facilities: My

Constituency is a most interior part of
*Mizoram. Foot hills are particularly unhealthy. For lack of
medical facilities most of the people are suffering from some
diseases or others particularly Malaria is rampant in the area.
There is not a single Doctor in my constituency having more
than 19(nineteen) thousand population. There should be one
hospital in each with 25 beds of the following Crouping Centres
as primilinary step (I) Chawngte (II) Barapanchari.

Education: Chawngte there is Mizo, Chakma combine and English Medium High School. Barapanchari Bengali Medium High School should be provincialised immediately. We have an original Chakma script, I proposed that should be helped from Ministry level for printing primary education upto III we shall learn our language through our original.

Communication: Rutlang to Chawngte - Chawngte to Vaseitlang and Demagiri to Parva. Demagiri to Cachar should be handed over to the BRTF for its immediate completion. This road bordering Bangladesh has an importance in the Security point of view. All the grouping Centres should be connected by road and with the rest of Mizoram.

Agriculture: In Chawngte and Barapanchari there are a vast scope for developing agriculture thousands of bighas of flat which is very scarce in Mizoram and hilly fertile land full of unuse jungle, wet cultivation will be very profitable if done. But people in the area is ignorant of the improved method of cultivation they are still sticking to the age old jhum cultivation. If the vast potentiality of the area is exploited, if it could be made Mizoram self-sufficient in food production as a step for agriculture development. Opening of a Demonstration of Agriculture farm with a qualified agriculturist inspector to give necessary guidance about the improved method of cultivation. The Agriculture department should introduce minor irrigation system in the area for growing winter vegetable like Potatoes. Cavages Act, some rivers and many small stream flows through the years.

MLA salary now is Rs. 350/- should be increased to Rs. 500/- per moth.

I proposed that Minister staff should visited interior part of Mizoram to look our need and poor fellow brothers and sister's condition of Mizoram.
