

**5. Pu R.Thangliana, Minister to move**

(a) That the Mizoram Union Territory Legislature Members (Removal of Disqualification) Amendment Bill, 1986 be taken into consideration.

(b) That the bill be passed.

**6. Pu Liansuama, Minister of state to beg leave of the House Industries**

(a). To introduce the Mizoram Khadi and Village Board (A mendment) Bill, 1986.

also

to introduce the Bill

(b). To move that the Bill be taken into consideration.

(c). To move that the Bill be passed.

**Dy. Speaker** : A soft answer turneth away wrath but grievous words stir up anger. The tongue of the wise useth knowledge aright : But the mouth of fools poureth out foolishness. The eyes of the LORD are in every place, beholding evil and the good. A gently togue is a tree of life : but perverseness therein is a breach in the spirit. Proverbs 15 : 1-4

Now we will start question hour again. We shall call upon Pu K.Biakchungnunga to asked question.

**Pu K.Biakchungnunga** : Pu Speaker, question No. 85-Will the Hon'ble Minister in-charge Home Department be pleased to state -

The number of people who committed suicide during the last financial year and the reason found thereof -

**Pu Sainghaka** : 13 persons Police enquiry reveal that 2 persons committed, suicide due to family problems and poverty  
**Minister** : 2 persons committed suicide for drunkenness, 2 persons suicide due to mental insanity and in remaining 7 cases the reason could not be established.

**Pu K.Biakchungnunga** : Pu Speaker, in my question it-is during 1985-86, but the Minister 1984-85 anyway it has the same meaning.

What will be the meaning of mental insanity? It is because of wine? Pu Dy. Speaker, can wine be the cause of insanity?

**Pu Sainghaka** : Pu Dy. Speaker, while saying Insanity it is clear they committed suicide for drunkenness.  
**Minister**

But by saying insanity it is the medical term used by doctors. And some may be because of epileptice- too.

**Deputy Speaker** : Now Pu. Lalhmingthanga will ask question No. 86 -

**Pu Lalhmingthanga** : Pu. Dy. Speaker, question No. 86 -

Will the Hon'ble Minister in-charge Public Works Department be pleased to state -

What is the total amounting of over-expenditure and ever and above the existing budget provision under Public Works Department Division wise break up for the following period 1st April 1985 to 1st March 1986.

**Pu Sainghaka** : A statement showing Division wise budget provision during 1985-86 and expenditure incurred from 1st April, 1985 to February 1986 is enclosed at Annexure 'A'. Although some Division incurred expenditure in excess of Budget provision, there is an overall saving of Rs. 115.8 lakhs out of the total Budget provision. Hence, there is no over expenditure beyond total Budget provision.  
**Minister**

**Pu. Lalhmingthanga** : Pu. Deputy Speaker, as there is only 3/4 more days for the financial year, I'd like to ask whether the saving of 115.8 lakhs been surrendered or utilised for other purpose?.

And it seems that in P.W.D the additional allotment Budget existing provision is not enough and 365 more was prepared which had been told to the Central Government. But from that onwards it is heard that no money had been received. If that is the case, how can there be excess expenditure. If there is no over expenditure, why is it necessary to prepare 365 lakhs and sent to Central Government. So, is the statement given by the Minister incorrect which one is correct.?

**Pu J. Thanghuama** : Pu. Deputy Speaker, the Minister pointed out that there were many savings in Mamit Division. But recently we heard that many Bills cannot be released as there is no money. I'd like to know the correct one. Secondly, when we say Aizawl Road it aims at Sateek and Sialsuk, as there is 142.81 savings how much have been saved for this road. How come saving can be this much? Does this mean that they can not take up the work? And is it clear that as we have demanded that Executive Engineer are to be transferred?

**Pu R. Lalawia** : Pu. Deputy Speaker, supplementary question. There is saving in Saitual Division. For example in the existing Budget provision about 20 lakhs has been given to Saitual from 60 lakhs for Khawzawl to Lungdar East Road. So if there is saving there is inadequate money in Khawzawl. So is it possible to return the saving of Saitual to Khawzawl Division?

**Pu Sainghaka** : Pu Deputy Speaker, there are two things in the question of the Hon'ble Member from Lunglei Constituency. First one is that though there is saving of this much, why do the Department ask for Rs. 365 lakhs. We've asked this since September. This provision is called gravity. It's like technically calamity. The answer to the question - Why there is such savings and do you surrender those savings? is that this is from February to 1st March. It is understood that there are many things uncleared by the end of March to the end of Financial Year. Therefore this 115.18 can not clear the liability and pending ones. It is clear from the side of Department. So there cannot be a question of surrender.

And as it's been finalised by us, it is misunderstanding to say that 5 crores will be surrendered. It is the adjustment of one head in the Supplementary Demand. Therefore, the 115 is not surrendered. And this 365 is also been asked separately to the Central. It is Monsoon damage, so it's been asked separately. For Example : Sialsuk road constructed by Mechanic Division and the Sikulpui ruam which had been looked after for a long time and even Vaivakawn was also asked,

they called meeting for several times. And the Departments of Education and Agriculture combined their needs, so it come up to nearly 4 crores, and they also have new meetings. Likewise, they bring out from their meeting, for 40 lakhs only. But as it was a bit late, it's been tick marked in the Home Ministry.

Besides this, we told them it cannot be only 41 lakhs it should rather be 44 lakhs. For this also, they want detail information, we are told that let the Senior Officers present in the meeting. So some of the senior officers attended the meeting. But we can not get any for this year they do not even release the 41 lakhs which had been year marked by them. So these are the problems we are facing.

And regarding supplementary question that there is no money in Mamit Division, According to the booking account there is saving amounting 32 lakhs. There may not money in liability to take over a new work. We are really in lack of money for maintenance. So we may be saying that there is no money when they ask for a new work. This is the case even in Aizawl. Therefore, I cannot say whether there is money as not because I'm not sure that what does this Budget allotment 53 back up it's been raised in the third quarter, fourth quarter allotment.

And the Satek Road Division is also included in the Aizawl Road Division. But just from recently, in its mechanisation. Mechanical Division had taken up And it's been under this mechanical division to some extent. Some members have pointed about this road. These things are being examined from Department. We are still seeking for the appropriate things. And regarding that let it be continued by the Mechanical Division, it's still been examined for what should be done.

A member from Khawhai constituency asked that is it possible to transfer again from Saitual to Division to Khawhai Division as there is some amounting of saving. Regarding this the Department will do the necessary things. For Example :- Even in Saitual Division there are lots of pending Bills to be cleared. So its a big question that whether this saving will be able to clear or not. As there is only 2 or 3 more days for the end of Financial year, it won't be good to transfer now itself. Anyway, if we look at our Budget, 60 lakhs has been provided to Khawzawl Lungdar Road, so let's hope that will satisfy the requirement to some extent.

**Pu Lalhmingthanga** : Pu Speaker, the saving in 1st march was 115.18 lakhs. There are many who can not take their Bill, whose Bills are already made but still in the marterly fund allotment in each Division. For example - there are almost huuudred in Rungdil road. Even in Lunglei district there are many in Buarpui road, Chawngte road, Thenzawl road etc. Likewise there is in Saiha, Serchbip and Mamit Division. So I'm asking will the Government give as the 1st March saving ?

**Pu Sainghaka** : Pu Deputy Spcaker, I did not mention the exact figure.  
**Minister** If we look from the Department we know that we won't be able to give. Therefore, it goes us it happened to go since 1972. That is why when we did the Demand of PWD I pointed out that in the system and in the way PWD used money, there were some improper ways. I was thinking that why do we have to work in credit, therefore, it will be good to culcuate the liability which we are having and go systematically, and the Department is also thinking that it is good to make a project in a scheme wise and procced according to the available money.

Therefore, this 115.18 lakhs will not be able to meet the present liabilities for all Divisions. That is why I can not say we can give all.

**Deputy Speaker** : Now for question No. 87 Pu Lalhmingthanga. Ques-

**Pu Lalhmingthanga** : tion No. 87 is will the Hon'ble Minister in charge Supply And Transport Departmet be please to state -

(a) Wheather Government is aware that because of rice availability at the black markets Government fair price gave problem for Selling rice in Lunglei District.

**Pu R.Thangliana** : No.

**Minister** (b) If so, what is the measure taken by the Government to check rice black market ?

**Pu R.Thangliana** : No measure is taken by the Government to check black marketing in rice at Lunglei since the said situation is not known to Government.  
**Minister**

(c) If the Government is not aware of the situation. Why? Govern-

**Pu R.Thangliana** : Minister is not aware of the said situation because  
**Minister** no complaint has been received from retailers,  
 public or through local newspapers.

**Pu Lalhminthanag** : Pu Deputy Speaker, Supplementary question. I  
 was in Lunglei from January to 10th February. The  
 holder of fair price permit formed an Association.  
 They come to me and told their problems. Their  
 main problem was that somebody used to take out rice from the Go-  
 down and then sell it to market in a lower rate of the same quantity.  
 And when the fair price dealers drop out from the godown, only few  
 take from them. Because of this they formed an Association.

And I told them that being an MLA I can do much. First I told  
 them to tell their problems to Lunglei D.C and he will inform the  
 Government while I was there, they submitted their problems to Lunglei  
 D.C and I was also given the copy. But, today the Government said  
 they do not know such complaints, we can not say that we do not be-  
 lieve them. But I'd like to ask what action will be taken to the respon-  
 sible officer who is supposed to give information to the Government.

**Pu R.Thangliana** : Pu Deputy Speaker, it is hard to believe what the  
**Minister** hon'ble minister pointed out that the rice had been  
 taken out from the godown and sold in lower rate  
 in the market. Because the name is also fair price shop, the shop is  
 not the fair one but the price is the one.

Therefore, if it was taken from the godown, it is clear that the  
 price will be higher. Therefore, Pu Speaker, the answer was not pre-  
 pared. Prepare from here but it was prepared by Lunglei D.C as it  
 was the case of Lunglei. We did not get any complaint from Lunglei,  
 it was not published in local newspaper. If such things happened in the  
 market. I hope we will surely know about it and there will be complaint.  
 So, the Government strongly believes the answer given by Lunglei D.C

**Pu Lalhmingthanga** : Supplementary question, Pu Speaker, every ques-  
 tion is given 15 minutes before session (Current  
 fails).

**Pu R.Thangliana** : There is no chance in Aizawl and I am asking the Minister the Association how can they do in a lower price shop at Silchar.

**Pu Lalhmingthanga** : Pu Deputy Speaker, they said they did not take from Silchar, Rice was taken from Godown to black market. That is why they faced problems. We raised this matter in the House, So, I request the Government not to depend wholly in the report given by Lunglei D.C but rather take necessary actions like counter checking. If you accept the report forwarded from District or sub-Division public will have to suffer very often.

So, from the light of our discussion I'd like to ask the Government whether it decides to have counter checking Pu Deputy Speaker ?

**Pu R.Thangliana** : Pu Deputy Speaker, it was a question not an agitation, so we just asked the question. As I've mentioned, we did not get any complaints local news paper, and retailers. Therefore, that thing may not happened even if it happened to be it will be very few. Therefore, there is no point to have counter checking. But if this thing really happened to be as the hon'ble member had said we will try to take necessary steps.

**Deputy Speaker** : Question No. 88 Pu R.Lalawia.

**Pu R.Lalawia** : Pu Deputy Speaker, question No. 88. Will the Hon'ble Minister in-charge Rural Development Department be pleased to state-

Whether the financial Assistance under Land use policy is obtained seperately from the Central Government or it is doled out from budget provisions of 1985-86 for Mizoram Union Territory ?

**Pu Rokamlova** : No. Separate fund is obtained from the central Government for financial Assistance under Land use Policy. Financial Assistance under the policy for the policy for the current year is to be met from the budget provisions of the concerned development departments.

**Pu R.Lalawia** : Pu Deputy Speaker, supplementary question. We have discussed this Land Use Policy. So many times, and I feel bad to repeat it also. What I do not understand is that we are saying this policy is a good one and even the planning commission recognises it. So, is there a way to have a separate fund from central Government without disturbing the budget of our Departments. And I'd also like to know how the Government takes steps for this.

**Pu Rokamlova** : Pu Deputy Speaker, as mentioned earlier, this had been submitted by making special application under the rehabilitation scheme. The Planning minister said he will send his private secretary to examine this. But till today, we have not get anything.

Even our Chief Minister and discussion in this particular policy with them. There also they seemed to be very interest. But as I have said, nothing has come But I can promise the Hon'ble Member that we will be taking steps for this.

**Deputy Speaker** : Now Pu J.Thanghuama for question No. 89-

**Pu J.Thanghuama** : Pu Deputy Speaker, question No. 89

Will the hon'ble Minister in charge Home Department be pleased to state -

(1) The Jail where Kalu Asman Gurung (Then Post commander Farkawn post) who had been arrested by MRP headed by Deputy S.P Hranghlira (now in S.P) at Gorampany on 17/18 December' 78 in connection with the murder of one Aisavunga, S/o Khuangselthanga is now kept vide NVLP PS case No. 1 ( ) 77 U/S 346/302/201/IPC dated 3.9.77-

**Pu Sainghaka** : The accused is now at large and not confined in any Jail.

(2) **Pu J. Thanghuama** : Is it a fact that accused Kalu Asman Gurung jumped his bail ?

**Pu Sainghaka** : Yes.  
Minister

**(3) Pu J.Thanghuama : How the matter now stands ?**

**Pu Sainghaka : The accused was arrested on 17/18 December '78 and**  
**Minister** was in Judicial custody till 8.5.79 bail with two sureties of Rs. 20,000/- each. The accused jumped bail and W/A was issued through O/C Haflong. He was re-arrested on 24.11.82 by Haflong police and was released on bail by a Magistrate 1st class of Haflong Court on 6.1.83 Many W/A have issued but the accused could not be apprehended as yet.

**Pu J.Thanghuama : Pu Deputy Speaker, this matter had been**  
 taken up to High court and the trial should be done by Mizoram. Therefore, I'd like to know why did it appear to Haflong court and released from Haflong Court. Secondly, I'd also like to know who were the bailers and did the bailers pay their surety money.

**Pu Sainghaka : Pu Deputy Speaker, the reason why the trial was**  
**Minister** done in Haflong was that he was in Haflong at the time. Haflong O/C arrested him on 29.11.82 and put him in Jail. And the Deputy Commissioner of Mizoram was also told to take him.

But before the Government could take action. Haflong magistrate had released him. And after that he ran away and we could not find him till today.

The bailers were Liankhuma S/o Zahnuna of Electric Veng, Rosiama S/o Dengehna of Tuikual Aizawl and K.Zahnuna S/o Khuma of Electric veng. Since he had ran away the bailers were noticed to deposit their surety money of Rs. 20,000/- each.

**Pu J.Thanghuama : Pu Deputy Speaker, I'd like to ask once more. I'd**  
 like to know how many times did they tell the bailers to deposit their money ? Secondly the dead body o Aisavunga was weighed down by a stone in the coast Tiau, and it was said that the Post commander Kalu Asman Gurung who discovered him had confessed now in the Government of Mizoram. So, I'd like to know clearly whether this is right or wrong.

**Pu Sainghaka** : Pu Deputy Speaker, regarding whether the bailer can  
**Minister** be come as surety, I don't have any material because  
 it's court concerned, therefore I can't answer that.  
 And regarding the notice issued by the Court to the bailers or surety  
 also I cannot say right now.

**Deputy Speaker** : Question No. 90 Pu F.Lalchhawna,

**Pu F.Lalchhawna** : Pu Deputy Speaker, question No. 90  
 Will the Hon'ble Minister in-charge Public Works Department be  
 pleased to state-

(a) What is the present position of construction of Bridge our  
 Tlawng river between Lunglei and Haulawng P.W. DRoad ?

**Pu Sainghaka** : All works excepting certain minor items have been  
**Minister** completed.

b) **Pu F.Lalchhawna** : Amounting spent so far.

**Pu Sainghaka** : Rs. 22,44,756.00

**Deputy Speaker** : Question No. 91 Pu J.Thanghuama.

**Pu J.Thanghuama** : Pu Deputy Speaker, question No. 91

Will the Hon'ble Minister in-charge Home Department be pleased  
 to state -

(a) The total number of cases taken up by anti-corruption Branch  
 stating year-wise.

<b>Pu Sainghaka</b> :	<b>Year</b>	<b>No. Of Cases.</b>
<b>Minister</b>	1977 - 78	26.
	1978 - 79	12.
	1979 - 80	20.
	1980 - 81	34.
	1981 - 82	11.

1982 - 83	20.
1983 - 84	26.
1984 - 85	22.
1985 - 86	22.

TOTAL : 193.

**Pu J.Thanghuama** : Of these, how many cases have been substantiated/ presecuted ?

<b>Pu Sainghaka</b> : Year.	No. Of. Substanciated	No. of. Prescuted.
<b>Minister</b> 1977 - 78	9	2
1978 - 79	2	-
1979 - 80	7	-
1980 - 81	6	-
1981 - 82	4	1
1982 - 83	7	1
1983 - 84	9	1
1984 - 85	8	-
1985 - 86	2	-
	TOTA 54.	5.

**Pu J.Thanghuama** : Pu Deputy Speaker, Anti-corruption had taken up many cases but is condemned only few people, Among the cases made by Anti-corruption I'd like to know is Mr Longany forest Director included ?

And it is not good to have pending of this case, it is better to clear them as soon as possible. Some people were suspended and re-instate then drew their salaries for which they did not work. Likewise we can see from the table that in 1985.26 cases were registered out of which only 1 was found guilty, the rest (25) were convicted (aquited) And in 1984 out of 22 only 1 was guilty, so were the rest of them convicted too. ? There are the only works which we could see done by Anti-Corruption. I, therefore would like to request the Government to tell us clearly about this.

**Pu Sainghaka** : Pu Deputy Speaker, I'm sorry I can not answer the question given by the hon'ble member because these cases are dealt by Anti-corruption. And I can't even specify about Mr Longany.  
**Minister**

**Deputy Speaker** : There were 193 cases since 9 years back. Now I'll go to question No. 92. Let's call Pi K.Thansiami.

**Pi K.Thansiami** : Pu Deputy Speaker, question No. 92.

Will the Hon'ble Minister in-charge Home-Department be please to state.

(a) How many Gun liscence have been issued since may 1984 till date (1.4.84 to 7.3.86)

**Pu Sainghaka** : Aizawl District—772.

**Minister** Lunglei -do- —115.

Chhimtuipui -do- 42.

TOTAL + 929. till 7.3.86

b) **Pi K.Thansiami** : What are the names of those liscence ?

**Pu Sainghaka** : Name of liscences are enclosed.

**Minister**

**Deputy Speaker** : Is it necessary to read out their names ? You distribute the list so that we can have more time.

**Pu Lalbmingthanga** : Pu Deputy Speaker, supplementary question.

There is a rumour that during 2 years gun liscence have been issued to more than 900 people and those who get liscence were only Congress-man. And is it right that liscences were issued a large number of people because that even the peace talk can be deterred so that they can protect themselves if such thing happens.

**Pu Sainghaka** : Pu Deputy Speaker, the list wil be distributed and we  
**Minister** can see frome the list that it was not issued only to the

Congress man, for example : Mr Lalkamlova Sailo is also not a Congress man. Even these non Mizo's are also non Congress. They were also given and this shows that Mizoram is in peaceful position.

**Deputy Speaker** : Will, the question hour is over now. I'd like to thank you all for your co-operation. The question were also answered by the Minister concern. Now question hour is over.

**Pu Lalhmingthanga** : Pu Deputy Speaker, in every session we used to submit questions. But even after speaker admitted, the questions never come out. Now also we have only one more day for question and there are still some of our questions which haven't come out. Even if it comes out, it will be in the last and we won't have time to discuss. Once also the Speaker and I were disagree in this matter.

Now also the questions admitted by Speaker, have not come out as yet; therefore, I'd like to request to release those questions which were already admitted at least by extending the term. It is not fair to pass just like that.

**Deputy Speaker** : Question admitted and examine therefore they were arranged according to the time they consume. But as all the questions were public interest. We could not neglect any and that's why we had full term every day, Likewise we will do the rest as per the rule.

**Pu J.Thanghuama** : Pu Deputy Speaker, I request your to make demand to I.G for the case of D.N Singh, Darlawn Post Commander who killed Lalrema.

**Pu K.L.Lianchia** : Pu Deputy Speaker, as same members had pointed out, those questions which need to get answer from other place were understandable. But even those simple questions which can be answered by the Ministers simply by yes or no had not come out yet.

**Deputy Speaker** : We have completed 119 questions so far, But for, about 20 we have not got answers from Departments.

Before preceeding to the next item, Pu Vanlalngkhaka has brought calling attention motion in the incident which took place of yesterday at 2:00 P m. It was between the students and C.R.P. where 3 students and 2 C.R.P got injured, can the Minister concern give statement in these regard ?

**Pu Sainghaka** : Pu Deputy Speaker, the Government is still collecting informations but it cannot give detail statement as it still collect. Therefore, let's do it on Monday.

**Deputy Speaker** : As the rule permits, this calling attention motion will be answered on monday.

**Pu Vanlalngkhaka** : Pu Deputy Speaker, though the suggestion of Hon'ble Minister was good can you give time in the afternoon.

**Deputy Speaker** : It depends on the Minister.

**Pu Sainghaka** : Pu Deputy Speaker, these case is so urgent and important if you can give 2 hours I think I can make the statement.

**Deputy Speaker** : Well we will give time to answer in the afternoon time.

**Pu Zairemthanga** : Pu Deputy Speaker, it is necessary to know first before we have a demand discussion.

**Deputy Speaker** : We need detail information to satisfy he members and the Government is still taking steps for this.

**Pu J.Thanghuama** : Pu Deputy Speaker, now we are going to take up Home Department, Lunglei and others, these are not debatable in the House. Therefore, can we do in brief now:

**Deputy Speaker** : We can have the answer later. And for this motion lets try to do in the afternoon. Well we will go to the next one. Now, let Pu Vaivenga, Minister in-charge Local Administration Department beg the House to introduce the Bill Hope you've brought the bill.

**Pu Vaivenga : Pu Deputy Speaker, I beg to leave of the House to introduce the bill "Lushai Hill District Village Council Amendment Bill 1986."**  
**Minister**

**Deputy Speaker :** For no. 2 we shall call upon the some minister to introduce other thing.

**Pu Vaivenga : Pu Deputy Speaker, I beg to leave of the House to introduce the Mizoram Housing and Development Bill 1986.**  
**Minister**

**Deputy Speaker :** Now he will ask the House to consider it as soon as possible. Then we will go to voting on Demand.

**Pu Zairemthanga :** Pu Deputy Speaker, is it only to ask in the House.?

**Deputy Speaker :** We will go to voting on Demand.

**Pu Zniremthangn :** Pu Deputy Speaker, fust before that, voting on demand which we are going to do now is the portfolio of the Hon'ble Chief Minister. As we have practised, the Minister in-charge used to move their Department to move is not the only important thing. But it is important to be in discussion for the Minister concern. But the the Chief Minister is not present today.

During this session he had not been sitting even one day, but roamed about for some other things. It is not good to have discussion with authorised persons. Therefore, even if he cannot come today, is it good to keep this for the day when he can come ?

**Deputy Speaker :** It will be good to go as our programme. Chief Minister's absence is not ordinary. He is busy for the good of Mizoram. And our rule permits to outhorise if the Minister in charge is busy. So, we will call upon Pu Sainghaka Finance Minister who has been authorised by the Minister in charge to move the demands.

**Pu Zairemthanga** : Pu Deputy Speaker, where is the Chief Minister now.

**Deputy Speaker** : He is at Aizawl, but he cannot come due to his ill health.

**Pu Zairemthanga** : Pu Deputy Speaker, if he is at Aizawl, even if he cannot come to know our discussion, can he sit in his office at least to listen the discussion, we want him to know it.

**Deputy Speaker** : That is right but as I've said he cannot come due to his health. Now we will call to move the demand.

**Pu Zairemthanga** : Pu Deputy Speaker, is it right that the Chief Minister went to Bombay for his personal while it's been said that he went to Delhi.

**Deputy Speaker** : These things will be said for sometimes. Every one has his own problems. Now we will call upon the Minister.

**Pu Sainghaka** : Pu Deputy Speaker, though the Council of Ministers do not know about the Government administration in detail, we the Ministers will try to clarify as much as we can because it is our responsibility to do so.

Regarding to take up Chief Minister's charge there are treasury bench and we will try to clarify as best as to justify the members.

Under circulation of the Administrator of Mizoram with your permission. Sir, I on behalf of Chief Minister of Mizoram moved the Demand number 2,3,5,9, 10,11,12,15,22,26, for Rs. 15,75,30,000/- for meeting the expenses during the year 1986 87 in respect of the following Department.

Demand No.	2	Administrator	Rs. 1,45,000.00
Demand No.	3	Council of Ministers	Rs. 22,00,000.00
Demand No.	5	Election	Rs. 9,20,000.00
Demand No.	9	Secretariat	Rs. 1,93,07,000.00

Demand No. 10	District Council Administration	Rs. 2,60,50,000.00
Demand No. 11	Police	Rs. 3,08,18,000.00
Demand No. 12	Jails	Rs. 63,00,000.00
Demand No. 15	Fire Protection	Rs. 22,00,000.00
Demand No. 22	Information and Publicity	Rs. 97,50,000.00
Demand No. 26	Relief and Account of Calamities	Rs. 22,00,000.00

Thank You.

**Deputy Speaker :** He had moved now. Any member can participate in the discussion in this regard.

**Pu J.Thanghuama :** Pu Deputy Speaker, the Hon'ble Chief Minister did not come since we started his portfolio but we have to go as our programme. There are many things to be discussed in his portfolio like Law and Order, peace talk etc. And today I hope we will be having at least half an hour each.

Pu Deputy Speaker, what I'd like to say is about Law and Order, As I have asked in my question No. 89. I'd like to point out about Aisavunga again. Aisavunga was a good gentleman from Farkawn. He was at Aizawl and went home to Farkawn to help his family on 22.12.74. The day after he reached Farkawn, he was arrested by Post Commander and from that day onwards. Aisavunga was seen no more. Then the Village Council and leaders of the organisation went to the post and the Post Commander told them that he had released him and that he may go to Burma where his father stayed there. Like that nothing was known for a long time.

After a long time Aisavunga's mother, who lives in Bethlehem veng. Aizawl come to me despair and told me about his son. It was during our previous term. I told her not to be sad and if necessary we will even to go to High Court. So we went to the High Court. and when the army knew about this two persons were sent to his mother to bribe her by giving her Rs. 1,000/-. But she did not dare to take the money so she brought it to me and I handed over it to the D.S.P. of Mizoram Pu Hranghira. Regarding this case Inspector General of Assam Rifles 19th Assam Rifles at Serchhip, post commanders, Chief Secretary and other important officials and the representative of

Indian Government were summoned to the High Court. The Post Commander of Farkawn was found guilty he was charged with murder case at Vanlaiphai.

Like wise, after Mizoram Police had tried their best Mr. Kalu Asman Gurung was arrested at Garampani in Khasi Hills under the leadership of Pu F.Hranghlira the then S.P.

The Government of Mizoram should at least give promotion as a reward to this people who could capture this fellow who had committed terrible sin. They brought him to Aizawl and he had confessed before the Magistrate how he took him up to Farkawn, how he killed him and the stone by which he was weighed down are still visible by the bank of Tiau river.

But he was bailed at Aizawl by somebody and he ran away again. It is strange to know that he was bailed by Mizo. Even in a small case, the bailers used to go to the court 2/3 times and sometimes we were threatened to arrest or to fine. But in the meantime, it is a shame for our Government for the bailers were not asked to fine in such a serious case. Therefore, I demand to arrest Mr. Kalu Asman Gurung as soon as possible.

At that we were also dealing Lalrema's case. Lalrema was from Darlawn village. He was arrested by Darlawn Post Commander D.S.P G.N.Singh. He was taken to the farm with one person. The other person said that they had beaten him so much that when he saw him last he was about to die.

The next day Lalrema's family went to the Post to see Lalrema's but they were told that he was fine. But after three days Lalrema's clothes were sent to his family and told them that he was released. In this regard the High Court also made a circular to arrested the D.S.P G.N.Singh 20 P.A.C. I'd like to know whether he had been arrested or not. I strongly demand the Government of Mizoram to arrest the murderer of Lalrema. And not only that they should be given at least Rs. 50 000/- for compensation.

Near Mimit also there was an amputated arm named Ruala. I asked him whether he'd like to go to High Court or not but they did not want to go. The army said they will help them. So I demand that man should also be given aid.

I am not interested to pass Police Budget Specially from the incident which took place at Lunglei, In that incident the Nagas and Assamese were fighting Jorhat was the life line for Nagas and as Silchar is our life line when the Nagas invaded Merapani many Assamese were killed and Manipuri as burnet down, still then the Assamese were afraid to take revenge to the Nagas. But in our case, if one non-Mizo it touched he will inform his fellows who live in silchar and they will surely try to take revenge. This is because we are taught by our Ministers to fear non Mizos, they are by the side of them. Now we are in need of a brave Ministry who will be able to defend us. It is shameful for we are not feared by those Cacharis. Not even a single Mizo can have a house or a shop at Silchar because we were ex-communicate So we must have to give up. But in Aizawl we are nearly superseded by Non-Mizo. Sometime ago. I submitted a list of non-Mizo traders (without licence) to the Chief Minister. Even in Lunglei 90% are now non-Mizos but till today no action has been taken.

Just recently, 2 Mizos had lost their lives for nothing and many got injuries. The Mizoram Government gave Rs. 500/- as compensation But it is too less. Even in Kohima there were some trouble and in that 2 Naga students were killed. The Government gave rupees one lakhs each, and some Ministers also resigned. Is the life and blood of Nagas more valuable ? Why we are given only Rs. 5000/- Therefore, I request the Government to give one lakh rupees each.

And in regard to Lunglei incident, I demand to have not only Magisterial inquiry but also Judicial enquiry and also to suspend the responsible persons. Now how many of them are suspended ? In Nagaland they just discharged them. That is the difference of our state and other states.

Regarding peace talk, I'am very happy that my resolution was passed together with the ruling party. I think this is the first time in India to be agreed with non ruling party, and the ruling party is much more in a hurry than myself they said it should be done immediately While I was saying during budget session only. Therefore, I'd like to convey my thanks to all the ruling party members. But it must not end in our thanks, it is their duty to fulfill it. Therefore, I demand the Government to fulfill it as soon as possible.

And during the time of trouble, the army had taken some amount of money like Rs. 5,500/- had been taken from Rualkhuma S/o Vantawna Sateek which is still being kept in Thana till today, And many guns have taken too. It will be good to know where does the Government keep those guns and how many got lost ? And I request the Government to give at least the price of gun if it does not intend to give back the guns.

There were many who lost their houses and some of them were beaten up by the army. It was said that enquiry will be taken, but they had already taken enquiry, and now they are doing it again. It has been given in the hands of S.P. and they just keep those things. They said they had taken all the necessary enquiries. But now some of them were given. So, I request the Minister in charge of Home for payment of those enquiries which had already been taken And I'd also like to request to fulfill all my demands.

**Pu Sainghaka :** Pu Deputy Speaker, I can give facilities for discussion to the members.

**Deputy Speaker :** It is our wish to be facilitated. So, let the Minister in charge Home give facilities.

**Pu Sainghaka :** Mr. Speaker Sir, Mrs. Thangliani Principal of Sunflower English Medium School. Lower Chandmari alleging that at about 1 : 30 PM one constable Dilbagh Singh attempted to rape one Lallawmkimi, age 17 years, a student of this School. According to this complaint, when the Annual games of School was going on in the High School Ground at Mac Donald Hill, the victim girl along with her friend K.Laldinpuii went to the toilet located behind CRPF barracks at Mac Donald Hill. When the girl went to the toilet one CRPF constable and allegedly caught hold of Lallawmkimi from behind and attempted to rape her. She shouted and pushed back the constable and both the girls came out and reported the matter to the other students and teachers.

This incident infuriated the students numbering about 150 who entered the premises of CRPF barracks in search of Dilbagh Singh. In the meanwhile the students indulged in pelting stones on CRPF men and

cause injuries to some of them. The CRPF mention duty faced them with batons due to which five students received simple injuries and one constable Subhas Bose serious injuries on his forehead. All the injured persons including the victim girl were sent to Civil Hospital for medical examination and later they were discharged. The spot was visited by S P Aizawl D.C Aizawl along with other officers. The case regarding attempted to rape and outrage modesty of Lallawmkimi has been registered by Police and been investigate by SDPO Aizawl, CRPF authorities have also been asked to produce the accused constable for arrest, CRPF authorities have also been given a written complaint alleging trespass into their premisses and causing abstraction to CRPF men on duty and inflicting serious injury on one of them. In this regard, a criminal case has been registered and investigation is being taken up.

**Pu J.Thanghuama** : Pu Deputy Speaker, we must born down the CRPF Camp ? All the CRP's should be driven out from Mizoram. We need a Government which can solace us. Why do we use non-Mizos again ? Do you know the effect of one person's death in other states ? How many Ministers used to resign ? Now also we will burn the CRPF camp. We don't want such things. Now one should try to defend them. Even for S P there should be a Mizo.

**Pu Lalbmingthanga** : Pu Deputy Speaker, thank you for giving me a chance to speak. The Hon'ble Chief Minister had not been in the session, I wish he could be here. But the Minister and Deputy Speaker, said it was due to ill health. Now we are going to discuss his demand.

Firstly, I'd like to talk about Law and Order. When we discussed the speech of Lt.Governor, we said that the position of Law and Order is not good enough. But the ruling party and the Government are opined that now is the most peaceful time but it is known by public that there is no fight because of the suspension of operation between MNF operation and army operation. But if there is operation againt we can't say that there won't be such incident again. And the firing of civilians by the police at Lunglei clearly showed how bad law and Order is. In that incident, Lalngbakliana S/o Patea Khasi Veng was shot at his head. And Lalrintluanga S/o Lalbiaka Electric veng was also shot at his shoulder and both of them died at there spot. I went

to the spot and saw how the things went wrong. Regarding the statement given by the Hon'ble Chief Minister in his calling attention motion, it's not only that one Gorkhali lady was touched by one Bihari man. That Gorkhali lady was holding her child of 9 years and she was also carrying a baby at about 6:30 P.M and she was disturbed by this masked man. Then the lady cried out "Nawngsawhnawh, Nawngsawhnawh" and those who heard her cry come running and when they found him they wanted to ask more so they tried take him to the Police but he did not want to go and when the crowd were increasing, he was unfortunately trampled to death by the crowd. And in that incident the police arrest about 19 persons by accusing them to bear responsibility and they tried to give murder charge. But they were defended by the YMA and they demanded that all should be released, so from that argument arose the incident in which 2 persons lost their lives in Lunglei. But in the next monday, the police released all their prisoners in this matter and it is also good to release. But the thing is that if they release them right from the beginning all those things will not happen. But the police threatened the crowd by saying that they will fire them and the crowd get agry for that.

And I also went to the spot where they shot Pu Pate's son. It was clear that from Thana they wen't be able to shoot because there was a stone wall. Therefore, it seemed that the CRP who guarded Post Office simply shot at the crowd. And where Rintluanga S/o Pu Lalbiaka was shot dead was near the corner of Police Thana where Industries Department is intending to open a shop, and from Thana is not possible to shoot there. And what they wrong from Thana was that they shot at very low. Pu Zosiama's son was also shot infront of Thana at his knee an it was clear that he was shot from Thana. And in Pu Lalsiama's house there were 15 rifle's stone.

Therefore, the situation of Law and Order is used. Now, we the opposition have a request in the Government and we also want the Government to note our points. Firstly, the compensation given to Pu C. Patea of Rahsi Veng and Pu to Pu Lalbiaka amounting Rs. 5,000/- each is very less. So, demand that Rs. 1,00,000/- should be given to both.

Secondly, we are not satisfied with the Magisterial enquiry, we therefore, demand that a Judicial enquiry headed by the High Court judge should be formed.

Thirdly, all the villages of Mizoram, are trouble by Nongsawnawh. Therefore, we demand that the Government to verify whether this is real or not and if it not a real thing, let the Government announce that it is not to be afraid and to have peace of mind. On the other hand if it is a real thing, let the Government sent its own force to destroy it. So, we demand while discussing Chief Minister's demand in the conclusion the Minister in charge to tell in his classification whether our demands will be granted or not. If you are not going to grant our demands, we are not going to vote the demand's of chief Minister either, will be leaving this House. But if our demands are granted and take necessary actions we will vote the demand eagerly and in future also we will give co-operation in everything. I want the Government to note this diligently. As our demands are very serious and important, we wanted the Chief Minister to present in the session because these are in his portfolios. Therefore, Pu Deputy Speaker, I request you to remember our points.

Besides this what I want to say is that on 20th February at Kolasib, Lalrinliana was tortured and killed in their camp by 20 santalis who were employed at the Rubber Board. There is no other santal way of killing than this. So two of his Mizo friends went to Kolasib by tractor as a messenger. There Kolasib Village Council President who was a Congress Village Council said you may go and see him without telling others otherwise there will be a fight between the two communities. And it was the duty of the Police to go to the spot and arrest the culprits. But there was no such attempts. They went to collect his dead body. Here the Police should go and find out those 20 santalis who did not even have pass and charge them according to the rule and put them in the jail.

But at the same time, 6 of those santalis came to Kolasib boldly with the blood still in their clothes and had tea there. They were caught by the YMA and VDP and handed over them to the police. The rest of the Santalis got afraid, so some of them surrendered themselves and now 13 of them are in police custody. Some of them were caught by Tripura force and handed over to the police. 15 of them who did not even have inner line pass were not caught and it seemed that even the Police did not have proper interrogation to verify the cause of that murder. So while a young Mizo was killed cruelly at Kolasib the atmosphere was coolly calmed down by the Village Council's and the police.

In Lunglei 2 Mizo boys were killed because of one Bihari who acted as Nawngsawhnawh and treated people in which 19 people were charged with murder charges. In that also the Bihari was protected. Like that we, sons of the soil are cramped even in our own place. Therefore Pu, Deputy Speaker, the incidents which took place in Lunglei and Kolasib can be compared.

In Nagaland also students had processions and they were quarrelled with the police. But unlike Lunglei the police gave warnings to disperse them but they failed so the students suffered at last. Then the Ministers resigned to champion the student's cause. In the Lunglei incident there was no warning the police fired at the people directly. And from the report we got the O.C.D.S.P of C.R.P, A.S.I Rokima and Deputy O.C Hrangkhuma threatened the people and till today we haven't heard about their suspension because it's clear that it was police access. Therefore, I challenge our Ministers at least to try to resign in order to champion the people's cause. Like that in other states leaders of the country used to champion people cause and for compensation also they used to give Rs. 1 lakhs. But in our states the injured persons got only Rs. 2,500/- and for the dead one its only Rs. 5000/- Therefore we P.C.S MLA request the Government to consider our demands and also to grant it.

Thank You Pu Deputy Speaker,

Deputy Speaker : Let's call Pu R.Lalawia.

Pu R.Lalawia : Pu Deputy Speaker, we are unlucky because two incidents had taken place during our session. In the budget itself, it is difficult to know which one is to be discussed as were disturbed by other things. Anywhy, Let me say something which I don't understand.

In Administrator demand No. 2 there is Rs. 15,79,000/- for tour expenses and travelling, but in demand No. 3 of Council Minister there is only Rs. 6 60,000/- for tour expenses and travelling. In secretariat Demand No. 9 there is Rs.8 lakhs for expenditure on tour by Helicopter. So altogether there is about Rs. 38,39,000/- Here I wonder why the expense of administrator is much more than the expenses of all the Ministers and Deputy Ministers. And in our Budget there are lots of estimate for motor maintenance and vehicle and it is so shameful because it is too much. Therefore, Pu Deputy Speaker, I want to note this and check it carefully,

In Police demand No. 11 only for vehicle and maintenance also there is Rs.——— and in Jail Demand No. 12 for other charges also there is Rs. 25,90,000/- while the whole demand is only around Rs.63,00,000/- Therefore, it will be good to clarify the purpose of our demand in detail otherwise it seems that there is some tricks.

In demand No. 19 for other administrative service we have only 15 lakhs and in other charges there in Rs. 37,40,000/- Like that for uncertain things large amount of money has been estimated and the share of public is very less. Even in natural calamities we have only a limited amount. I feel bad for this and I'd like to know more clearly.

As mentioned earlier, yesterday's incident greatly shocked us. I met the Principal of Sun flower school Pi Thangliani and had talk with her. According to her 8 students were injured and the report given by the Government is quite different from the report of the Principle. The incident took place because while Lallawmkimi was in the toilet the CRP entered in the some toilet in naked and he put his arms around her waist and it can be judged that he was trying to do from backside. This girl Lallawmkimi and her friend Laldinpuii went to this toilet because Lallawmkimi and was called to participate in their sport so they just went to the nearest empty toilet and then met such incident. So she was helped by her friends and the CRP fled to wards their camp and he was hid by his friends. There the students with their teachers went to see that CRP got but the CRP angry and stored the students. So as the were attacked by CRPS the teachers let their students and ran away. Among elder students 6 got injured and 2 small students were also injured.

And from the report we've heard even the Chief Minister went to the resident of supply and Transport Minister while the incident took place and saw from his Car. I don't know whether it was right or wrong and that is why his presence is required so that he can tell us the right thing.

Last night students were busy in hospitalising the injured persons but the leaders of CRPF tried to defend their friends. The Principal of sunflower School reported to the police. The CRPF authorities said that the accused CRPF will be punished and they also tried compromise but the failed to compromise. The accused CRPF constable was pro-

duced in front of the students. Still, he was not arrested by the police still today. The police had arrested the CRP's for several times for criminal case and the present case is also a criminal case and a private case too. So I wonder why they haven't arrested now also till today. The incident took place near the residents of our Ministers but it is clear from the incident that we are still not safe. Even during this session unfavourable incident had taken place therefore this session can be said very unluckily. That is why I demanded to form Judicial enquiry while we discussed Social Security and Welfare and for compensation also I demanded to be Rs. one lakh and my demands are still standing.

Magisterial enquiry will not bring out the truth because the Magistrate and the police are one body and it is clear that it will be difficult to find out truth. Therefore a judicial enquiry headed by High Court Judge or at least even a pension judge should be formed. Therefore, it is the responsibility of the Government to protect the people. If we do not get any promise to take Judicial Enquiry for this incident and Lunglei incident we, the two independent members will not pass Police demand and let us not take it as a shame. We've passed other demands gladly but this time I went to request my fellow members not to pass this Police Bill because the cause of the incident was the police. But the Government is going to form Judicial Enquiry and give Rs. 1 lakhs for compensation it is not necessary to do this. Even if it is not my demand is still the same. Therefore, Pu Deputy Speaker, I request the Government to fulfil my demands.

**Pu F.Lalchhawna :** Pu Deputy Speaker, today while discussion Chief Ministers demand there are many important things to be discussed in the concern Department. Besides this, as the members had pointed out, it is unfortunate that we faced an unfavourable incidents. No one wants to happen these incidents. These incidents clearly showed how weak are.

Therefore, Pu Deputy Speaker, we all know that these incidents took place not because of this Congress Ministry, these things used to happen in Mizoram even in the past and we all know it.

At the time of P.C! Ministry also there were many murder incidents like in Bikhawthlir, Kawnpui, Mat and many other places. At that time we were anxious to know the murderers. Pu Deputy Speaker, it was so sad to be in such condition.

Pu Deputy Speaker, in August 1983 Pu Rongbaka the then Village Council Secretary of Mampui Village was led by special force in the search of M.N.F. but he has not come home till today that means he had lost his life. So, it is asked by people that was he killed but people that was he killed by P.C. Ministry ? Pu Deputy Speaker, I do request the Government to give compensation as much as possible for the dead one's family and also for the injured persons and while the Government is giving Rs. 5000/- for compensation how much did the P C Ministry give to Nghaka's family ? It seemed they did not give even one rupee. As I've mentioned earlier. Pu Deputy Speaker, I want to give them as much as possible. Now the Government is going forward but it faces many difficulties still it works with its level best.

We used to talk about son of the soil. In this regard also the present Government is taking steps and now also we have a Mizo Chief Secretary. In the Secretariat also there are Mizo I.A.S in the head of Departments and this really is a great improvement.

Pu Deputy Speaker, hon'ble member from Aizawl West constituency asked the number of gun licence issued and I don't know why he wanted to know. Anyway its informative and I'm very glad that the Government gave that much licence and I'm so happy because in Congress Ministry the situation is good enough to issued that much licence. In the past our guns which meant to protect our farm, were also kept by Security force or in Thana. Therefore, it is a blessed for us to have guns and this show that we are in a good position. And in this regard that I want to say again is that as we, the Mizo's are very fond of guns, let the Ministry issue the licence to those who need it without any discrimination and it will be good if it can issued to those village who have not got as yet.

Pu Deputy Speaker, let's talk about General Administration Department as it takes the leading part. But Pu Deputy Speaker, in the way it leads, there are some missing and insufficient. like allotment of quarter. It seems that G.A.D had occupied almost all the quarters and it is very unfair. Therefore, I'd like to suggest that let all the Department share it according to their construction.

Bes des this, regarding vacation of Government Quarter, order had been issued to the vacate quarters. But it is said that the order was given

to some occupants only while some were not given any order. Therefore, I'd like to request the Government to give order for Vacation of Government Quarter to all officers. And there are some officers who have their own house but live in the quarter. These people put their house in their wife's name, and Children's name. Therefore, let us count those houses as ours. So, it will be very good if the Government makes decision in this base.

So, it is a blessing for this Government to go forward and to wait peace and harmony though citfaces many difficulties. And for the last. Pu Deputy Speaker, I do request the Government to consider my points.

Thank You.

**Deputy Speaker :** We've discussed in General discussion. Shall we call the Minister ? Pu Zairemthanga.

**Pu Zairemthanga :** Pu Deputy Speaker, today when we discuss the demand, we want the Chief Minister to present because we want him to know our discussion about these day's know our discussion about these day's incidents. As already mentioned even during this session two unfavourable incidents had taken place like yesterday's incident and Lunglei incident and it is easy to mix up Law and Order and operation.

We want Chief Minister's presence as we have many things to say regarding Law and Order. As Hon'ble members had said our demands for Lunglei incident were the same as a member and as party.

Today. not only Chief Ministers presence is required but the presence of Department officers is also required. But today only few officers are present and some of the officers whose departments are in the demand are not present and this really discourages us. This is so bad because it shows that they do not give importance this Session.

The reports regarding yesterday incident displeased us. As hon'ble member Pu R.Lalawia had said, it is not pleasing when the C.R.P disturb our students in a central part of our town where our leaders are staying. Therefore, this incident clearly shows how hampering the CRP are.

We do not have fields for students to do sports and Games and it is so sad to happen such things in the only field we have. Therefore, because of this the C.R.P are to be transferred. So, I'd like the Government

to mark this and transferred them at least in the corner of Mizoram if outside Mizoram is not possible.

Pu Deputy Speaker, as the Hon'ble member had pointed out, we are not satisfied with the action of the Government in Kolasib incident. They don't seem to care about it. I like the Government to take necessary actions and punish the wrongdoers in this regard. And regarding law and order members had said about it so I won't repeat it. But I'll go to the demands.

In demand No 9 in Secretariat, we used to take politics in party wise. We used to tell public whatever we like without knowing the facts. I'll like to say something about expenditure on tour by helicopter page No. 33. In this regard, P.C Ministry was blamed for using helicopter and used Mizoram Budget for helicopter fare and finished the share of public for this purpose. But if we look back our past budget in 1982—83 it was Rs. 5,30,000/- in 1983—84 Rs. 6,50,000/- in 1984—85 Rs. 6,57,000/- in 1985—86 Rs 8,00,000/- and in 1986—87 its Rs. 8,00,000/- In fact, it is clear that Rs. 8,00,000/- will do much more than Rs. 5,30,000/- We all know that Ministers entitled Helicopter but they are not entitled to requisite their family or wife. In the newspaper it's written as if Ministers wife had requisite helicopter, is that why 5 lakhs had come up to 8 lakhs.

The Ministers are provided facilities by the Government to work quickly it is good if the Ministers utilised these facilities as it should be. But without knowing why they used, we shouted that the Ministers used to travel only by helicopter and used Mizoram Budget for this. But at that time our budget for expenditure on tour was only 6½ crores and now it comes up to 8 lakhs.

Next, in Lt.Governor's speed on page 18 it reads "My Government has taken adequate steps in close liaison with security forces for prevention of influx of foreign nationals into Mizoram". In this regard how exactly the Government has taken adequate steps? Truly speaking, after the present ministry is formed, foreign nationals had entered Mizoram in a large quantity as refugee from the South and Mizoram Budget is also spent for this. So does the adequate steps for prevention of influx of foreign nationals mean that no steps have been taken to prevent them to enter Mizoram? After the Chief Minister had told the House that they were drive out from Mizoram. I'd like to point out

that from the report we've had like even from Hon'ble member Pu Lalmingthanga that they entered again by giving some gifts. Therefore, what step is the adequate steps taken up by the Government ?

And in Modernisation of Mizoram Police and fire service there is Rs. 2 crores for modernisation of Mizoram Police and 3 crores for fire service so for these two its 5 crores. The whole budget for police is about 8 crores out of which 5 crores is for modernisation of police and the balance is only 3 crores. If we think carefully, we need explanation of our Budget.

In District Administration Demand No. 10 page 44 (Deputy Speaker let him finish since he had started). Thank You, Pu Deputy Speaker, last year for D.C. Aizawl there was 35.15 and Lunglei was 24.95. In 1984—85 Aizawl was 32.15 while Lunglei was 20.47 and this year Aizawl D.C has 25.96 and Lunglei D.C. has 25.15 so the difference is only about ten thousand. The area of their office is very different. Last year also their share was quite different but this year their share is almost equal. Therefore, I do not understand this Budget and I do think we all need clarification for this. It may also be printing mistake.

Well for the last Pu Deputy Speaker. I'd like to say something about peace and harmony for Mizoram. Since Pu Laldenga went to London every one was keen for them to have peace talk for this even various churches showed their interests and gave their blessings to political parties. Likewise they went to London to meet Pu Laldenga and mention may be made in this regard Pastor Rawna who is not with us for his efforts. And we all agreed that no party should try to take advantage in this matter. But when Pu Laldenga was called and had talk with central Government we seem to forget about our agreement because we try to take advantage for our own party. Frankly speaking, churches inspire respect specially in this regard. We try to compare with Punjab and Assam. But we are told that peace talk will be finished soon, in Punjab and Assam they never say they are going to finish. Therefore, I demand the Chief Minister to tell the House the exact position of peace talk. Since he is busy with this, he cannot attend the session because he has to go to Delhi for this purpose. Therefore, I hope he has something to tell us beyond expectation and that is why I want to know from him. Thank You.

**Deputy Speaker :** We will stop now and continue at 2:00 P.M.

Recess till 2:00 P.M.

2:00 P.M.

**Deputy Speaker** : Now we shall continue our discussion, is there anyone to say Pu Saikapthianga.

**Pu Saikapthianga** : Pu Deputy Speaker, there is nothing to be criticised in the budget itself. But I am really disappointed because of the unfavourable incidents which took place under this strong Government. What I want is to arrest Dilbak Singh today itself and bring him in this very Hall. After knowing him why he has not been arrested till today and at the same time those CRP's should be shifted from that place. They are army so they are suppose to be in the jungle. They occupied this field for a long time and make students not to be able to play freely. But now due to the hard work of our leaders the students can play in it but they are still disturbed by those CRP, therefore that accused CRP should be arrested and if he is not arrested I'd like to resign. It's so shameful and other incidents also had happened like in Kolasib and Lunglei and why the Lunglei Police are not yet suspended? So those who fired public and the A.D.M who gave firing order are to be discharged.

And regarding compensation there are many things to say. If one's life is lost there cannot be an adequate compensation for life. Even in the previous Government there were many incidents, so we cannot blame this ministry. It is necessary to understand for the opposition the action taken by the previous Ministry for Kawnpui Bus Accident and the action taken by the present Ministry for Lunglei incident. In Bus accident. In bus accident Rs. 1,000/- each was given to the dead one's family and Rs. 500/- each was given to the injured persons. But nothing was given in Sateek bus accident.

Like wise in Ratu Bus accident, Malsawma of Zemarabawk a Congress Youth member died, but no compensation was given to his family and I said my grievance in this House. In Khatla incident also the police shot 2 people and they were not given anything. In Chandmari also a son of a senior tractor driver was shot and he too was not given. Therefore, there is nothing to say for the opposition regarding this compensation as the Government it taking steps. They did not give in their time also. But in regard to Law and Order it seems that we are afraid of the Police and CRP. Therefore, I demand to the authority of the Government to arrested the accused CRP.

I don't think this Ministry will resign only because students demand to resign. In the previous Ministry I was also a member, it did not resign even when the MZP demanded to resign. They were charged as anti-national and many of them were put in the prison and many of them went underground. I'm saying this only for comparison. What I want to demand to the Government is to arrest Dilbak Singh during this session and to discharge Lunlei O.C along with the ADM who gave firing order.

We must also note that so Police Officer and other officers who take part in politics. Sometime back one SDO played some one's cassette in every village till he reached Mamit. Even if the cassette is alright, it is not a duty of police officer. Let him say his opinion, but it is not his duty to ream about to criticese either the ruling or opposition with someone's idea. So we must take up law.

And for the last as it hounded my mind I demand the Government to arrest Dilbak Singh during this session.

In the demand itself, it is much more than the previous years. I want to request the Government to be more carefull in the way it looks after police. We want them to be good and to be in some post. But we are very weak in building since the last ministry and we must know our weak points.

They transfered from police to PWD and called tender, from 1979 I demanded to make Police Post at Kanhmun. The other side is Tripura and there are police and they also have supply check gate. Beyond that Cacharis have Police and supply check gate. So they used to refuse to take various essential commodities like oil, salt etc. and public used to suffer a lot. On the other hand non Mizos used to bring these commodities easily asthey never met any problem in the check gates. Since we do not have these check gates to check them. They can sell their commodities in a cheaper rate while we can not do anything for our own vegetables. So, it is my request to the Government to put a check gate at Kanhmun immediately.

This is also another reason why we can not be blod and brave because they are always guarded by tte police. Now also we are facing a problem. Now they are claiming our land in which even Forest Department had Teak plantation. They come and said that it's Cachar and disturbed Forest labourers. We can do nothing as we do not

have power. Therefore, it is very important to have a check gate at Kanhmun. We already had at Vairengte, Kawrthah and Lokicherra, so we must also have at Kanhmun. So for the last, I want to punish the responsible persons for Lunglei incident and also must arrest Diibak Singh Thank You.

**Pu Sainghaka** : Pu Deputy Speaker, I want to tell the House that Minister Dilbak Singh has been arrested.

**Pu Z D. Sangliana** : Pu Deputy Speaker, today I am happy to have an opportunity to say our burning question. As we all know, there are unwanted incidents these days. It is necessary to differentiate incident and co-incident Lunglei incidents Aizawl incident and other incidents mentioned my hon'ble member Pu Saikaphthianga are not to mix up Lunglei incident was wanted by none of us and none could involve in it.

Pu Lalhmingthanga rushed to Lunglei and Pu C.L. Ruala went by helicopter still they could not reach in time. It's not that we did not pity them but either the government or the opposition could not do anything. Lunglei O.C. is a good friend of mind but he was the one who tore away papers of Congress Assembly with his policemen and we gave a proper report of this to M.C.C. we also gave a report to M.C.C that his police who got drunk fought with some Congress youth in which 3 congress were kept lock up and tortured them. Therefore, I can excuse him to some extent for he should his proudness by giving firing order to disgrace the Ministry.

Regarding yesterday's incident, as it is in India Penal Code it can anyway be regarded as outraging the modesty of women. Now we know the name of the accused one and it's been said that he had been arrested. So he should not be allowed to be bailed.

In all these things what we should know is that we need peace and harmony. Though we are a brave nation we cannot do anything because being in a disturb area. Our courage is only a type of Dutch courage. So, in order to retain the real Mizo identity we need to have peace harmony. And to bring peace we being the member of this House represent the whole Community of Mizoram, and have to do our best. Pu Speaker, Thank You.

**Deputy Speaker** : Now we shall call upon Pu K L. Lianchia

**Pu KL.Lianchia :** Pu Deputy Speaker, what we've just heard was so encouraging for Mizos. Today we are discussing Chief Ministers demand but unluckly he is not here. But in the meantime he could give a speech in Bhavan in the morning. It is so sad that he cannot attend the session. I wish he could be here in our discussion and listen the discussion and give clarification for we do not understand. He come once and stayed only 4/5 minutes and he did not come anymore. I just want to point out this.

Regarding police department, we were told that even told that even O.S/DSP enjoy the facilities as enjoyed by the counterpart DSP. But I'm not satisfied with this because when I enquired them about this they do not get even half of their allowances. And in regard to motor vehicle it was said that it can differ according to their nature of duty. Still its way of treating is dissatisfaction. And it is clear that O S/DSP do not enjoy the facilities enjoyed by the DSP. I think they should be treated equally.

And what I want to say again is that Hon'ble nominated member Pu. Lalchhawna said that in 1983 a Village Council President was led by special force. In this regard there are two things which should not be mixed up. When the army have operation it is very difficult to do things. There were many incidents during operation. The ministry could not interfere in such cases. Therefore, the situation during operation is quite different with the normal situation when operation is suspended. Before suspension of operation, we suffered a lot but we cannot blame the ministry. Therefore, we must know the difference of the situation during operation and suspension of operation.

And I want the Government to give compensations for these days incidents as most of the members had said.

Besides this, Pu Deputy Speaker, in the speech of Lt. Governor, regarding foreigner issue, he said central government proposed to make barbed-wire fencing in between Mizoram and Bangladesh and it had been endorsed by mizoram government. We said that the previous Ministry didnot approve this. It appears to be good to make barbed wire fencing. But we must know even if it appears to be good, it is not practicable. There is a river in the boundary and how can we do fencing in the river? And there is also a steep rough land about 200 km

to and how shall we make there? So, we said there is an immediate need than this and we have to think a lot before we actually do the fencing. We did not mean that we reject it completely but we can keep our MAP or Home Guard at the border without neglecting the fencing policy. So, I'd like to know how for the Government had gone in this.

And right after this, it's said that there is an intension to make tribunal under illegal migrants Act 1983. If we read the Act, it is very difficult and there is no Mizo who can be a tribunal. Even in Assam they failed to do so, Pu Deputy Speaker I'd like to know what steps have been taken in this case.

And we used to say there is peace and harmony in our country and we are very proud of it, while our country was declared as disturb area P.C was in the ministry and there were many incidents at that time. But luckily there is suspension of operation and even after this there are some incidents. In the incidents during suspension of operation, we the Mizo always got the wrong side. Even in the enquiry report read out by the Hon'ble finance Minister we seem be off side. So we have to revise ourselves. Truly speaking even some of the ruling members are not satisfied in the actions taken by the Ministry regarding Lunglei incident. But it is very difficult to know how to handle these things properly. Therefore, it is not fair to blame the previous Ministry in the it hand led those cirtical situations. Even the opposition member on M.C or Independent member should think how they will handle this kind of situation when they are in the Ministry. We all must think for the good of our country. Today we'd also like to say about peace and harmony and even about the chief Minister. Regaiding peace talk we want the Chief Minister how is the progress and also to clarify our doubts in this regard as we have so many doubts in this regard Pu Deputy Speaker, I think we have to jion hands for this purpose.

For the last Pu Deputy Speaker, there are rumours about Nawng-sawhnawh and it is very common in remote pleges, my constituency Lungpho is very from Police Station. There is one at Saitual which is very inconvenient for others. So, I'd like to request hon'ble minister to note this and make one police station at least at Chhingchhip.

Thank You.

**Pu Zalawma** : Pu Deputy Speaker, our demand is very important so it needs discussion. I give importance to general administration, law and order. In general administration, those officers who look after departments are almost in the hand of Chief Minister. In this regard, sons of the soil are favoured to some extent, during this 2 years of our ministry some had been regularised and 2000—3000 temporary posts had been made permanent. Even in police sanctions has been got from Home Ministry to from 2nd Battalion. Any way, in the discussion of Chief Ministers budget demand the burning question is about law and order because of these day's incidents. It's so sad. Specially in my constituency at Kolasib Lalrinliana was killed by rubber board labourers while I was in tour. So, they were caught by village council's and voluntary organisations and handed over them to the police. So, it will be good to know how far the Government takes steps to punish them.

Regarding Lunglei incident, it really was so bad as Hon'ble members had said. It is very important specially for us to have common front to safeguard our country. Even to bright forth peace and harmony in our country, we must try in all our efforts whether we are rulling or opposition it is sure that there will be some short comings in each ministry but it is our responsibility to help each other.

Even the present ministry will have many short comings. Administration is very difficult to maintain properly, it is necessary to have experiences. Therefore, if anything falls in the hand of a new person, it is necessary to study and try to understand more and more, so, let's try to keep away party politics to preserve our society and for the development of Mizoram.

I came to know yesterday's incident only last night. We had committee in Chief Minister's Bunglow. When the Chief Minister know this he called D.C. and Police S.P. and ordered them to give reports. So the D.C. come back nearly at 11 and gave reports. In this incident, our leaders tried to do their best. Now everything is in hands of police to take necessary action. In this connection, I really do appreciate Miss Lallawmkimi—17, class 10 and her friend Laldinpuii class 10 for their courage to challenge the CRPF and also other students who attacked the CRPF. I myself also hate those who do not understand our society and try to look us down.

As we all knew the CRPF camped in the middle of the field from 1972—84 and there was no place for students to play. But since this

Ministry has been formed, those CRPF moved from the middle of the field and camp in the corner of the field. So students can play in the field. But if they are still creating problems I want them to transfer completely. There are only few of them so they can be transferred to some corner of villages. I therefore, want the Government to take steps to transfer those CRPF from public area.

Regarding Nagaland, if we think carefully, the then ministry led by Mr. Zamir was to be reshuffled and in the meantime there was an incident for which some ministers submitted their resignation and that really honoured them. Even during P.C. Ministry here in Mizoram there were many incidents and that's why compensation could not be given to all, since this ministry had been formed there were only few incidents and we talk endlessly about this.

So if we compare the previous ministry with the present ministry which was formed on 5th May 1974 we can clearly know that we are more feel safe and secure in the whole of Mizoram. No one can deny this. Though there are unforeseen incidents, we all know that we are in a better situation now. Now also our leaders are busy for peace talk. As it has been pointed out earlier, even the Hon'ble Chief Minister Pu Hawla cannot attend the session because of this peace and harmony business but I think this will be for the good of our country in future. I am sure we will be having peace and harmony in our country in a short hand. Therefore, I request all of you to join hands having common objectives.

And as mentioned earlier, it will be good to take Judicial Enquiry for Kolosib incident and Lunglei incident I don't think no one wants to scape to protect our nation. Pu Deputy Speaker, I've taken times but I've lots to say. But for the last, now we are discussing Chief Minister's demand which touched police administration. General administration like Lt Governor's salary etc, so it is very important. So, I request all of you to pass his demand laid by Finance Minister in place of Chief Minister.

Thank You.

**Deputy Speaker :** Pi K, Thansiami

**Pi K Thansiami :** Pu Deputy Speaker, let me say few things. As our budget session is very important we want House Leader to be present but he has not come even one day during this session. We know that he is busy for peace and harmony but cannot he spare at least one day during our session ?.

If he is really sick we feel sorry for him. But I don't think he is that much serious. Our hon'ble member Pu Biakchungnunga is also having fever and headache but he still managed to come. So, I think our Chief Minister does not concern about Mizoram because he cannot even present in the day of passing of his budget.

In fire protection I'd like to praise fire service. I've heard their rush towards the place where there is a fire even before they got information. They always stock water for this purpose. So, Pu Speaker, I'd like to express my gratitude first.

Regarding police, from three months back instead of their monthly ration, they are given Rs, 200/-each. Polices are also like others have to support their families. So this should be increased because it's too less. If not, let them get their ration regularly. And while talking about Police, I'd like to point out about their quarters. There are only a limited quarters, specially in Aizawl, Lunglei, Champhai and in Saiha quarters are insufficient, their salary is very less and now their ration has been deducted still they have to pay house rent, so it's too much for them so it will be good to consider their case.

Regarding my question to gun licence issued so far I'm satisfied with the answer given by the incharge Minister Hon'ble member from Sateek constituency said from his constituency all those who got gun licence were Non Congress but I met a fellow from Sateek and told me that in taking percentage Congress were getting more.

I'm very glad to have a Mizo Chief Secretary as pointed out by Hon'ble member Pu R.Lalawia. It is the good work of the Government in the meantime Mizo IAS Officers who were elected by P.C Ministry were replaced by non Mizo, and this create a problem among the Mizos I want the Government to revise this.

During this session also an unfavourable incidents had taken places twice. Just before session there was an incident at Kolasib, Ruling members used to say—Now weve got peace, we are inpeace. But if we think carefully, where are their joys and happiness? from the beginning of the trouble, we had faced many problems and difficulties. But while we were in such a difficult situation Pu Thena come out, he was in army for several years and was very expert in administration, so there was mutual understanding and the army started to co-operate. Like that we started to be in a good situation. But now the CRP and Police

started to over act again. It's a shame for our Ministry. This clearly shows our Ministry fails in Law and Order. Therefore, as one of opposition members had said. I hope our demands will be granted and pass our budget willingly. Thank You.

**Deputy Speaker :** Now we shall call upon Pu Zosiama.

**Pu Zosiama Pahnau :** Pu Deputy Speaker, I will not talk about peace because most of the members had said about it. If we look at our demand from the beginning it seems to be vehicle oriented budget because it has line spare. We have to think about this.

In demand No. 9 what I wanted to point out is that there are many officers in Secretariat who do not get motor vehicle from the Government. Some officers are a bit old in age and have to keep time too. So, they are facing problems in transport. Therefore, if we are going to purchase some more vehicles let one person does not keep more than one vehicle or at least let us try to save. So, our budget will not only for officers but for all workers.

There are many sayings regarding police. The image of our society will clearly be seen from police and we do believe that policeman are not bad people. But it is good to know for the Government, that even one black step can spoil a lot. If we back up bad person in police we will not be able to maintain administration and they can even make trouble. And some policemen are in opinion that they have a licence to violate rules. Therefore, I think it is necessary to add that a police does not have licence to violate in the rule. And among the police there are some who work hard and do good for public but not recognise by Government, from constables to officers these dutiful polices do not get any praise while those who are not suppose to get are getting and because of this the moral of police become down and down.

In Demand No. 12 there is Jail, what I wanted to say in this regard is that though Jail is a place where those who violated laws and wrong loers are kept we can turn it into a good institution. I therefore, want the Government to consider this.

In demand No. 22, what I'd like to pointed out is that it's been a year that two of our daily newspapers—Hunthar and Mizo Arsi were scoded and deserted by the Government till today. But these two

papers do not publish lie or any other things which will hurt some body else. Even in advertisement it seems that there is favourism. Some papers never got advertisement while some used to have daily. Will this bring enmity among neighbours? Therefore, it will be good if the Government think about it carefully as it claims to be catholic.

And it is very unfortunate for the House Leader could not come. We expect him to be present as we are very fond of him and as we are discussing his demand. But the hon'ble Finance Minister said he is sick and we can not blame him if he is really sick. If we could have budget session again I hope this will not happen again because it's a shame for all of us. Thank You,

**Pu K.Biakchungnunga** : Pu Deputy Speaker, through I'm not feeling well, I want to say few things because is very important. I really lost my interest because the Chief Minister is absent. As we all know the Chief Minister is very busy these days and and if we pass his budget demand. I'm afraid we will burden him more. He often goes to Delhi. In a month also he may go many times. It may has good results and bad results. Even in a simple matter he has to contact central. Being in an Union Territory or a state we want a Chief Minister who can make his even decision. The ruling party also has to bear this in mind. If you go to Delhi even for a simple thing and cannot do by yourself that means you are not worthy to take up Ministry. Because there are many things to do in the state. Therefore, it is not strange even if our brothers are killed or our ladies are raped if the one who will look after us is not with us. According to me going to Delhi does not bring any good for us. In regard to peace talk also those who are not in agreement are having peace talk and there is no need for us to interfere. So there is no point to go to Delhi very often. Now also who govern us whether our elected Ministers It is my challenge to our Minister or Delhi people? We are just like without Chief Ministers that can you do according to your own wish for the people of Mizoram?

And one more thing I'd like to point out is that our ruling members are defending Ministers so much without verifying whether they are right or not. Yet went back to the past like the period of P.C Ministry and compare yourself with P.C Ministry. So, I challenge your to take steps in your own wish and try to go forward instead of looking back. Regarding compensation also, it is not necessary to say that P.C Ministry gave Rs. 5000/- and so on. You just give any amount you like. It is necessary to know our own responsibility.

In demand No. 26 estimate amount for natural calamity is too less. And I want to increase it.

Regarding police, we are very proud of them. But there may be some who are not good enough but it does not mean that all of them are bad. Though I do not know the detail programme, I'm sure that in some cases it may not be sufficient to meet their needs. I therefore, do hope that Government will utilise the sanctioned amount carefully.

So, Pu Deputy Speaker, it is good to be present for the Chief Minister while passing his demand and know our points, and it will also be good if he could present his idea instead of going to Delhi.

Thank You.

**Deputy Speaker :** Pu Vanlalngbaka.

**Pu Vanlalngbaka :** Pu Deputy Speaker, the hon'ble member who just said before me spoke very well inspite of his sickness. He blamed ruling members for defending Ministers but he also defended the previous Ministry.

Regarding police, we've said much. Though there are some police and officers who behave roughly we are progressing in police department. In the case of Lunglei incident also we can not condemn the whole police because of one or two who were responsible. And the Government's action in regard to Lunglei incident is praiseworthy. As mentioned earlier, though it is not our satisfaction, as there is no limit to compensate one's life, the steps taken by the Government should be agreed by the opposition.

In demand No. 5 Election, I think it is necessary to be careful in making Electoral Role and Polling station. Some Villages were grouped together and then scattered again. So they have to go to a very far place to cast their votes. Even in my constituency like Lungmawi Villagers have to go to Zotui to cast their Votes which is 7 miles away from their village. I therefore, want to inform election Department to be more careful.

I also would like to say something in demand No. 22 If we look at our newspapers and magazines do not give us positive information. Some magazines used to write about sensational news, ghosts and something about sexy. Truly speaking these do not give us any progress. In this regard, I think it is time for the Government to give training

facilities for our so called journalists. And whereas there are good newspapers and magazines some really need training even to write editorial column. And I think it will be good if they could get at least Diploma in Journalism. But I'm sure that they will have problems in finance as well as time. So, it will be good if the Government can give such facilities.

Regarding yesterday's incident I'm the one who submitted Calling Attention Motion. I think we all feel sorry. As mentioned earlier in that place we could not play for long time. But from one year back it can be used. While it is pleasing I think it is good to transfer those. CRP. Children and students used to play from morning till evening so it is better to transfer CRP instead of refusing Children to play. And I request the Government to try its best for this. While talking about this, at Lunglei, Village Council Office built by the Government is now occupied by CRP so it will be good to transfer them to their building near Jail at Sazaikawn.

It's not the case as pointed out by hon'ble member who spoke just before me. It's not that we condemn, the P C Ministry what we meant was that the situation is improved a bit. In Mission Vengthlang incident also. Public expected that curfew will be declared but Chief Minister and Finance Minister went to the spot immediately and people were relieved when the Chief Minister said there will be no curfew. And that's the difference. Even in Lunglei many thought that curfew will be imposed but the situation was calm and there was no need to impose curfew.

In these matters we don't have to praise criticise because as the Deputy Leader had pointed out public knew the truth.

As Kawrthah MLA had said, at that time we were opposition and we were blame to incite the students but I think no one incited them. One thing we have to note is that students did not like the Ministry and demand to resign. So the Government took an action and some of them became disabled because of them. But no compensation was given. So we can make a comparison too. It's not that we condemn P.C. Ministry but we simply— ———it.

Regarding peace, it is good that we all do give importance to it. We sometimes do not understand when we said the Chief Minister went to Delhi for peace. The Deputy Leader had said that we nearly had finish the talk. But there is a rumour that some P.C's used to say let

Pu Laldenga come out and he will know what he is. The MNF also knew about this. The previous Chief Minister declared to against MNF and the vice president of MNF and the and also made a circular in this regard. Therefore, Pu Deputy Speaker, I'd like to propose P.C and MNF to sign agreement first in order to have a successful peace in our country, Thank You.

**Deputy Speaker :** Well, we've had enough discussion. From independent cent percent had said, from opposition 75% had said and from ruling 21%.

**Pu Lallawmsanga Zadeng :** Pu Deputy Speaker, so what even if all of us said as it is our right. Is it right to fail our right Pu Deputy Speaker, (Deputy Speaker :—I did not mean to fail the right but I mean is it quite enough). Yes, I'm requesting that now. Let me say something. Well, thank you Pu Deputy Speaker.

Though many had said I wanted to say all my thoughts but as pointed out by independent members our session is very unfortunate because we are disturbed by various incidents and we all know that we could not concentrate. What I wanted to say in our demand is regarding police. Police organisation as a whole is good and there are many efficient people, there are about two who give the whole organisation a bad name. I'd like to request the Government to note this and take necessary actions immediately.

In recent nightg there was a black motor at Mission Veng three policemen come out they said to the gentlemen who went before us that they will be arrested because they got drunk. But those gentlemen told them that they don't get drunk and also they never taste it and now also they are going to church and asked them to pardon. But the policemen insisted to arrested them so I went to them and rescued these gentlemen. Likewise, we have to defend our people from police who are supposed to defend us, It is not tolerable. Those type of police give bad name to the whole police. They should be given strict discipline during their hour of duty and give an order not to get drunk while in duty. We won't be able to point out how the police used to treated people. Therefore, it will be good if the responsible authorities take necessary action.

We used to say we have peace now. But if we look at the various incidents which took place nowadays like Zarkawt incident, Lunglei incident and Kolasib incident. Are those what we meant for peace? Let our leaders know that we do not want this type of peace. Even the responsible persons are not discharged till today. Why does the Ministry still kept quiet? Since the Ministry of Congress is formed we could not let out our sisters. Even our students are raped by the one who are supposed to protect us. Do these mean that they follow the steps of their leaders. Therefore, it is a sad thing they are not discharged till today. Those dumkas who involved in Kolasib incident were without inner line permit.

Now, the check gate at Vairengte has been shifted to a bit farther. Where are the ones who said there won't be any more check gate? Simply saying is nothing. What is the point of having such check gate if non mizos who do not even have inner line permit still kill mizos. Therefore, it is very difficult to talk about peace and harmony. You said you've almost finish peace talk. We do not have to interfere in this. So what's the points of going to Delhi. (Deputy Speaker :—Shall we continue since we've started well we'll continue we have to finish Appropriation Bill too, so the members should be very active). If there is no CLP meeting, we could do a bit longer Pu Deputy Speaker. Therefore today itself also our leader, the Hon'ble Chief Minister is not with us. Why he could not come to this highest legislative meeting. We have to think carefully.

In relief on account of natural calamities the Rs 700/- which we used to give to each family is too less, it's nothing in this day. If the P.C. Ministry could give Rs 500/- the present Ministry should be able to give Rs. one lakh. As the rate of inflation is growing higher and higher, we have to consider this carefully, we talked about gun liscence too. Whi'e many mizos could not have there are many non mizos in the list. Can we give them? Even our ministers got the licence and does this mean to defend themself. Some got even more than one. Is this good while seeking peace to have arms. Almost all the Congress MLAS have it. I used to think that you yourselves are going to understand again.

We used to talk about artificial incident. While the Congress were inopposition there were many such artificial incidents and it is said that even some of our present Minister were involved. But when they got

the ministry there are no more such artificial incidents to be heard. Pu Deputy Speaker I do not fear anything because I stand for truth. If we want we can do those things. Encourage students and support them and even finance them. But we do not want to do such things because we want to work for the good of our country and nation. Therefore, the government should take actions to the responsible persons if not it should resign. And Pu Deputy Speaker, I do request you to follow up this.

Thank You.

**Deputy Speaker** : Well our demand is so interesting. Is there anyone who badly wants to say ?

**Pu Lalhmingthanga** : Pu Deputy Speaker, I have demanded three points and I want the answer to know whether we will vote for the Demand or not.

**Deputy Speaker** : Now, I shall call upon Minister incharge to clarify the doubts of the members and to say anything he likes and also to request the House to pass the demand.

**Pu Sainghaka** : Pu Deputy Speaker, I will give the answers to the demands of the hon'ble member from Lunglei constituency. It seems the opposition party vented their anger in this session. While we were in opposition we too used to do so I don't blame them.

**Minister**

Most of the members gave importance to the absence of Chief Minister and this shows how important is our Chief Minister and I too wish he could be here as the opposition felt its necessary for him to tend us.

According to our discussion many of us talked about police, by saying police housing is also about Jail and there are some suggestions regarding Jail.

Regarding District Administration we said provision for Aizawl District is very less, its more or less same with Lunglei and in natural calamity, money sanction is too less and it seems we talked about the budget provision itself. There were lots of comments in the expenditure on tour by helicopter. The 8 lakhs rupees for helicopter provision under administration is charged any way as it is seen in budget book. Even in Secretariat, it's said that expenditure for helicopter fare is too much. Of course, it's more than last year in figure. But due to the increase in the price of everything, it is same as 5 or 6 lakhs of 1983. And in

regard to Helicopter, it is clear that Chief Minister has to use it more than any of us. Even during P.C. Ministry, children used to describe Helicopter as Pu Thena's pool car. Therefore, I'd like to request all the members to note that provision is made according to the already proposed requirement.

In natural calamities we said the budget provision is too less. Budget provision is made according to the scheme. If you look at the budget book you will see that in 1985 there was 55.70 lakhs but this year in FRE there is only 5.70. This 50 lakhs is put from the sanction of Central Government and ours. Like that in 1984-85, in FRE there is 134.16 lakhs. So, if there is any such calamities, the money will be sanctioned accordingly. Therefore, it does not mean that it will be less forever. And it is good if it can be less forever which means that there is no such calamities in Mizoram.

Regarding Deputy Commissioner, in district administration, it is said that for Aizawl DC there is only Rs 25.96 lakhs. If we look at the present budget estimate it's 25.65 lakhs and in revise estimate it came up to 35.15 lakhs. It's been said that it is almost equal with Lunglei. Lunglei also calculated for sub-division, group centre and for all other things. In some cases, work can be done immediately but we are not sure whether we can have works to be done because there is bandh of station of post all over India. So there is some increase in 25.5 but in revise estimate there is 5.15. Like wise, we may be able to meet if there is a requirement in revise estimate as we had already met. Therefore there is nothing to be worried in the provision itself.

In regard to Jail we said that other charges is too much. This is for their clothing and their food and also to look after themselves. Their sanction is very bad and low and it is not enough at all. So other charges is meant for the warfare of Jail inmates.

There are lots of provision in vehicle regarding police. It's pointed out that in other offices also it's lots in vehicle. It is quite right because vehicle is very important in administration. (Pu J.Thanghuama : I'm going to speak now. I'm a member Housing Loan Board. In our resolution, it was passed that 50% should be considered by board. But is it correct that the Minister had already given about 300 in additional).

Therefore, Pu Deputy Speaker, that is the matter in regard to Jail. And there is a suggestion to improve Jail, it is believe that after the Government of India had sanctioned 1.64 crore to construct Central

Jail in reformatory type it will be improved more and more. Now we almost finished the construction. But in regard to vehicle, specially in police, they need it very much in order to maintain law and order. If they do not have sufficient vehicles, there will be problems to maintain law and order.

And we mixed maintenance with vehicle maintenance as other maintenance which is Rs. 70 crore is just under the head of motor vehicle. This is meant for to look after the various departments.

As we talked about various demands, we touched even Law and Order. As one of the members had pointed out the cases of Pu Aisavunga, Pu Lalrema and Pu Ruala are very important. As it is not our rule, Pu Deputy Speaker, let Marshall take him out. Is he here to create commission. We will clarify just in time. (Deputy Speaker : As we were talking about another demand, you must not do that. It is good to know the place and time). He can give even a short body question which is permitted by our rules. So, in maintenance of law and order, the cases of Pu Aisavunga, Pu Lalrema were a long time back, the Government is now taking steps but it cannot settle now itself as they had taken place in 1979-80 though it still stands. Therefore, I'd like to request you to understand that it is difficult to settle things immediately for the Government.

Lunglei firing had also been mentioned by almost all of us. I will give clarification later. And regarding last liscence as hon'ble member had pointed out we all know that it cannot be detected till now. There is a proposal to give compensation at least a liscence even if we cannot give the satisfaction. We've already told Home Ministry to take out from Dergoan for many times, and we thought that it will be permitted. It seems they are serious in having guns and that's why Home Ministry could not give release order till today. In the level of Assam we nearly had taken out but even the Assam Government suggestes to take permission from Home Ministry. After that we've tried many times. I, myself went to Delhi and so also the police. Anyway, when we have peace, let's hope this will not be a problem anymore.

And it seems that compensation has been politicalised by someone by selling its forms. Even while Pu Dr Rothuama was M.P he took down many forms. Likewise the forms had been submitted as if someone could give compensation. But it seems the Government of India

does not accept those during operation and to deal development. Anyway, it is clear that they do not deny that we need their help. It seems that C—L will be given in terms of reference. If we do not adjust with the Government of India in this regard, it is difficult to do things quickly as expected. Regarding beaten up by non-Mizo, there are many application so the police took enquiry. From finance also sanctioned had been made according to fund. Though we want to increase the amount, we still go as the Central Government of India permitted by giving Rs 500/- to partialities able and Rs.1000/- to disable. As our members had pointed out, there were some unfavourable incidents these days. And it seems in some places police did something which they were not suppose to do. It is difficult to work without any complain for the police to some extent. But they cannot be excused when they do not do their duty. From the report we've got, 13 among the accused Santalis for Kolasb incident were arrested and kept in police custody and some of them surrendered themselves. Two of them fled to their hometown Bihar and the Government is intending to send to Bihar.

Like that, even yesterdays incident was so sad. That field was prepared for our students to play but we couldn't use it for a long time because we were in a disturb area. But after sometimes we could use it again but its so sad to know this kind of incident. And some of the members asked why the accused CRP was not arrested immediately. The CRPF has its own rules and regulation seperately. The commander requested to deal by themselves according to their rules and that's the reason why he was not arrested. So they asked the permission from their authority and they didn't object so they take up by themselves. And in this regard we express why the law does not go as a law, and I think there won't be any commission in this.

I'm sure that our discussion is very important. In our discussion we expressed our concern about Home Department as it is very important. On the other hand, those incidents can be compared with the incidents which took place during operation. We can't forget how dark was the situation during operation but I am not intending to deal that.

As our Government is U.T we can not do things quickly as our wishes here like compensation, extrajudicial term etc, because we are covered by the rules made by Home Ministry. Therefore, we have to go on according to their rules for sometimes.

There is one thing to be clarified in the Lt Governor's speech pointed out by one of the members regarding influx of foreign nationals. There can be a question like what is the adequate steps ?

Bet's said that Mizoram Government feeds all Chakma refugees. I think we made this clear in last session. We must know that these Chakma are treated as refugees so even the Central Government has separate sanction for this purpose. The Government had opened a new police out post at Ngharum and Tlabung police station had also been given better equipment. Even during the previous Ministry, a resolution had been passed in this influx of foreign nationals and police out post and submitted to Delhi. But the answer was that the international border is in the hands of BSF and security force. So a new out post was not opened either. Like that, even in difficulties we have had experiences. Now also we didn't inquire Government of India, we tried to do it from our own Budget. So, those I've mentioned were the steps taken by the Government in regard to influx of foreign nationals. So I request the hon'ble member to note that though we are not satisfied with the implementation, adequate steps are being taken.

There is also a question how far we have been reaching in peace talk. As we all know, I'm taking Chief Minister's charge as he couldn't come. But I don't think he will not be able to tell us as clearly as the members wanted to know even if he was present. But we can know more about it from newspapers. I think we have to believe what the national newspapers quoted Pu Laldenga's speech that only interim re-injustment and pending of election after that are to be done. Let me clarify the question asked by hon'ble member from Lungpho constituency regarding police. Even the superintendent if they didn't enter in the scale of Rs. 650/-, they are getting Rs. 225/- for civil allowances. But if they started at Rs. 650/- like DSP, they are getting Rs. 400/. So, their pay scale determine this. And regarding compensation Pu K.L. Lianchia : Those who started at 425/- like Assistant and who started at 550/- like Inspectors are getting equally though their pay scale is not same. Then why the OSDSP and SP did not get equally while others could get). It's the approval of the Government of India and we can not do as we like.

Regarding compensation, it is good to give compensation to all the students who got injured in yesterday's incident. It is right that compensation hasn't been given to them till now. In this regard we have

to think carefully. When the students had procession, the police tried to stop them and the students besieged Thana. In that also many of them got injured but the previous Ministry did not give compensation to all of them. While we were in the opposition, we pressed the Ministry to give compensation. But there seems to be difficulties.

Regarding barbed wire fencing, the Government of India is trying to do it. Even the Chief Minister of Assam pressed the Government to do it as soon as possible. Today we cannot know their progress. And the present Ministry wants to do this barbed wire fencing Government of India will send a team and they will survive and we've already send a reminder to do quickly.

Regarding tribunal also, we've already sent to Home Ministry. Government of India to do all the necessary things in order to make tribunal. But there is no reply from the Government of India till today. Therefore, it is very clear that things cannot be done quickly as we wish.

Regarding police ration, we said that Rs. 220/- is too less. Since we formed the Ministry there's no sanction for police ration in Home Department from Government of India, so they go on in credit. After we formed the Ministry, we tried our best and sometimes we reappropriate the excess money in the end of the year. But from this year we could manage to get Rs. 83 lakhs from Government of India. So, we have to give this Rs 210.00 as its been sanctioned by Government of India.

In regard to giving advertisement. Let's hope that information department will try to do it good so there will not be any discrimination, as it is not difficult to do.

In regard to increasing polling station, in 1983, we summoned all political parties to think about where to put polling station. We gave report to Election commission has to decide. We cannot do in our own wish but we could give suggestion to it. Generally the Election commission never used to put polling station in a small village.

And the opposition members have demands the Government should give Rs. 1,00,000/- to the family of the dead ones in Lunglei incidents instead of Rs. 5,000/-. Besides this, they also wanted to from Judicial Inquiry and also to prove whether there really is Nawngsawhnawh. Regarding Nawngsawhnawh, the Government has no proof the existence of Nawngsawhnawh, in Mizoram, Therefore, it can not simply say that it

is not to be feared or it is to be feared and send police to attack them. Therefore, it is difficult to accept their demand in this particular for the Government.

And regarding Judicial enquiry, in order to have Judicial enquiry it is necessary to do things under Judicial enquiry commission Act. Now the Magisterial enquiry will be submitting its report very soon and the Government will have to do something according to the report. Therefore, the Magisterial enquiry is much quicker than Judicial enquiry. So the Government does not feel the need of having Judicial enquiry. The reason they wanted to have Judicial enquiry is that they thought that the Magisterial enquiry will be partial and that means they do not trust our D.C. Pu Lalnithanga, but we do trust him.

Likewise even in regard to compensation, they were given Rs. 5,000/- and they said it's too less. We also accept that it's too less. But we cannot go beyond the approval of Home Ministry taken by the previous Ministry on 30.12.1982. That is the position of our Government. That's all I can say Pu Deputy Speaker, so I do request the House to pass the demands. No. 2, 3, 5, 9, 10, 11, 12, 15, 22, 26, for Rs. 15 crores 7 lakhs and 53 thousand.

Thank You.

**Deputy Speaker :** We've had enough discussion. Now the Minister in charge had explain everything. So, we take note now. He requested like this—One the remmendation of the Administration of Mizoram with your permission sir, I move the demand No 2, 3, 5, 9, 10, 11, 12, 16, 22, 26 for rupees 15 crores 7 lakhs 53 thousand for meeting expenditure during the year 1986—1987 in respect of the following departments.

Administrator,  
 Council of Minister  
 Election  
 Secretariat  
 District Administration  
 Police  
 Jails  
 Fire Protection  
 Information and Publicity  
 Relief on Account of Natural  
 Calamities.

Those who agree to pass please say so and those who do not also. This demand is passed now. With appropriation Bill there are two more bills to be passed. We have to be very active. Now we shall continue. Now we shall call upon Pu Sainghaka Finance Minister to ask permission to introduce Mizoram appropriation No. 2 Bill 1986.

**Pu Sainghaka** : Pu Deputy Speaker, I'm glad to pass various demand Minister and also to pass 1986—1987 budget.

And I ask the permission of the House to introduce Mizoram Appropriation Bill No. 2. 1986 so that various Department can use it. And I also do beg the House to consider and pass the Bill.

**Deputy Speaker** : Do we agree Minister's request ? Anyone has an important thing to say regarding this Bill ? Then him ask to pass the Bill.

**Pu Sainghaka** : Pu Deputy Speaker, I'm a bit advance well, I beg the Minister House to consider and pass the Bill.

**Deputy Speaker** : Now who agree to pass please say and also those who don't. So, the appropriation Bill No. 2, 1986 is passed. Now well go to No. 5. Now let's call upon Pu R.Thangliana Minister to move Mizoram Union Territory Legislature member Removal of Disqualification Amendment Bill 1986.

**Pu R.Thangliana** : Pu Deputy Speaker, though this Bill is small, it's Minister an important Budget The House already permitted to introduced so I introduced it. Therefore, Pu Deputy Speaker, I think I'm going to move it.

Pu Deputy Speaker, in item No. 4 of Mizoram Union Territory Legislature 75 it says those who can be a member in Mizoram Assembly and those who cannot in that Chairman of Autonomous District Council, Chairman of member and executive member are not included. For this Pawi District Council used to have problem. Therefore, the Government feels that it is necessary to included them. In District instead of Chairman, Deputy Chairman we will write office of the chief executive member, Executive member chairman. That's all Pu Deputy Speaker, it's not difficult to pass.

**Deputy Speaker** : Now well do that appropriation No. 2 Bill. Is there anyone to say in that ? No one. Those who agree to pass this Bill (They all agreed) This bill to passed now.

Now will go to No. 6. I shall call upon Pu Liansuama Minister of state to ask to introduce Mizoram Khadi and Village Industries Board Amendment Bill 1986.

**Pu Liansuama** : Pu Deputy Speaker, with your permission, I beg to **Minister of state** introduce Khadi and Village Industries Board Amendment Bill 1986.

**Deputy Speaker** : Do we agree ? (all agreed). Then the Bill has been introduced, let him move to consider it.

**Pu Liansuama** : Pu Deputy Speaker, I beg the House to consider **Minister of state** Mizoram Khadi and Village Board Amendment bill 1986.

**Deputy Speaker** : Do we have something to say in this regard. Pu C.L Ruala.

**Pu C.L Ruala** : After the bill has been introduced Pu Deputy Speaker **Minister** the Bill has not been circulated.

**Deputy Speaker** : It's been already circulated and you are informed to bring it. Well the bill has been introduced and considered, so let him ask to pass it.

**Pu Liansuama** : Pu Deputy Speaker, I don't think it's necessary to **Minister of state** explain. It's been circulated to the members so that you could study it. I hope you know it thoroughly.

I therefore, beg the House to pass this Mizoram Khadi and Village Industries Board Amendment Bill 1986.

**Deputy Speaker** : Anyone who agrees (They all agreed). Now the bill is passed.

**Pu Liansuama** : The bill had been circulated some days back. So can **Minister of state** we take it up though it is not included in the list of business.

**Deputy Speaker** : It's not included in the list of business and we are tired not. There is still time. It's good that member are still keen to do. We will stop now and started again at 10 : 30 A.M on Monday 31st March 1986.

MEETING ADJOURNED AT 5:00 P.M.
