L.C. THANGA
SECRETARY, MIZORAM
LEGISLATIVE ASSEMBLY.

To,

The Secretary,
Mizoram Legislative
Assembly, Aizawl.

Subject : Privilege Motion.

Sir,

We, the following members
beg to give notice under Rule 145
of the Rules of Procedure and
Conduct of Business in Mizoram
Legislative Assembly that we wish
to make a complaint of a breach of
privilege in the House against the
General Administration Department
(Deputy Commissioner, Aizawl District,
Aizawl) with regard to the arrange-
ment of seats for members of
Legislative Assembly Mizoram in the
Assam Rifles ground to witness the
Independence Day Celebration on
15th August, 1983.

We, Members of Legislative Assembly
Mizoram have been seated on Chairs arranged beyond
the public pavilion towards the Assam Rifles Cinema
Hall compassing full view of the ceremonial parade
and other official functions.

We considered that putting members
in places from where full view of the ceremonial
parade and official functions could not be made while
senior officials and others were given places having
full view is an attempt to degrade hon. members
and disrespect shown to the House in the eyes of the
public.

We pray that the matter be discussed
in the House, and if directed by the House, referred to
the Committee of Privileges for examination of
the complaint and report to the House at an early
date.

.....245/-

Yours faithfully,

Bogus Certificate of Education have been practised by several Government servants of various Departments, it's a fact. Therefore, this question is not the responsibility of Education Department only. It concerns all departments. The Thungvek M.L.A. has got an entirely wrong conception, it got no knowledges whatsoever.

2. Police contribution : A game of cheats was detected on 3rd. August, 1983. They are selling Bogus Certificate of Education which were shown to emanate from education institutions in Assam and other places. First investigation un-earth four accused who confessed to their crimes. Confessions of the accused persons led the Police to fourteen others employed in various Governments and other agencies in Mizoram, who had obtained employment on the basis of Bogus Education Certificates.

In this process 14(fourteen) people have been arrested, charge sheeted, released on bail. All the accused so far in the case have confessed and led the Police to believe that there is further wide scale existence of employees in Mizoram, who had obtained employment on Bogus Certificates. This clearly shows that the Police have made a big contribution in establishing the fact that Bogus Certificates have been practised by a lot of people. And also they made a certain approach in un-earthing these subprints. All the three members had stated that the manner of operation by the Police in detecting these Bogus Certificates has caused a certain amount of harassment.

Some members had said that the Government Servants had been called at the Police Station told to produce the Certificate at Short Notice in some cases the Certificate was detained in the Police Station without giving receipts. Thereby causing the possibility of the Certificates being lost also. Like that some members has said that certain amount of harassment have been caused to the Government servants by the Police in their work of detecting these Bogus Certificates. As pointed out by Pu C. Vulluaja our hon'ble Member, I do believe that there also had been a certain amount of harassment. But not to the extent that had been said by some members.

In any case, what the I.G.P. on coming to know about these harassment report. What he has done is, he directed that the investigating Officer of the case with S.D.P.O., Aizawl, has sent a circular to all Government Departments requesting them to make the Educational Documents of their employees available for scrutiny on a date wise programme. The I.O. is proceeding with his term to each department from day to day to peruse these Education Certificates. It is the turn of the Education Department itself today the 13th September, 1983.

Now, this is what the I.G.P. has been trying to do. I firstly, think that it will be too much a task for the Police to do this. I entirely agree with Pu C.Vulluaia that this responsibility should be given to the Head of Departments. The Chief Secretary can issue a circular very easily directing all Heads of Departments and appointing authorities to verify and check the Education Certificates of all the employees under them and render their Certificates to that effect and thereafter the head of the department or appointing authority shall be held entirely responsible for the either wrong or correct Certificates.

So, that may be better way, but even then, the Police in any case have got their own role. Even that I have said is adopted there may still be some loop-hole, the Police will still play their role in any case. But it is a good thing that I.G.P. on his own has devoted this method after hearing these reports of harassment, it is very plausible, it is very plausible, it is very good.

But it will be too much, it will be beyond the scope of the Police Department to do this for the whole of Mizoram. The easiest thing would be, that the Chief Secretary will send a circular to all Heads of Departments and appointing authority. In between about a month's time that each department head will verify, check and certify, that the certificates of education, possessed by every Government employee under his department is right or wrong. That will be the best way of doing it.
