1. On account of the information received from the Finance Department that they would not be able to

present the Budget for 1982-83 and Allied Papers on Thursday the 18th March, 1982 as was scheduled earlier due to unavoidable circumstances, the Business Advisory Committee met in the Speaker's Office Chamber on the 17th March, 1982 to consider allotment of times for various items of business for the remaining days. There being no more private members' business on Friday, the 19th March, 1982 and also the time for giving notices of private members' business as per Rules is over, the Committee recommends that Friday, the 19th March 1982 be reserved for any Government business. If the Budget and Allied Papers are read by that time, they may be presented to the House.

2. Monday, the 22nd March, 1982 already allotted for general discussion on the Budget may also be modified since presentation of the said Budget on Friday, the 19th March, 1982 is not certain. Thus, Monday, the 22nd March 1982 may also be reserved for presentation of the Budget and other Government Business that may come up for disposal. In case Budget could be presented on Friday, the 19th March 1982 as was chalked out earlier and presented to the House through the Ninth Report need not be altered but remain the same.

I hope the House adopt the recommendation of the Committee.
