FOREWORD

In parliamentary democracy the House may be regarded as an arena where citizens can find democracy in action. Though the basic function of legislature is to make laws but it is not confined to serve merely as a legislative body, it is a forum through which representatives of the masses articulate and realise their aspirations, ventilate their grievances and seek solutions to their problems. Over thirty years the House witnessed pioneers of this institution and seasoned politicians deliberating important issues with high degree of dignity and decorum in their conduct. This book reflects the outcome of such deliberations.

I am very grateful to the group of officers and staff of Mizoram Legislative Assembly Secretariat who are associated to this task, for their contribution which has resulted in this compilation.

Legislature has to have wider dissemination of information about its meaningful work, so that the people reposed their trust in this institution. I am sure this book will be an important document in the annals of Mizo Society.

R. LALAWIA
Speaker,
Mizoram Legislative Assembly.

PREFACE

A need for making a record of the general achievements of Mizoram Legislative Assembly in a book form has been felt for quite sometime. Now, in a befitting commemoration of the 30th year of the Mizoram Legislative Assembly, the aspiration has been realized, thanks to the collective efforts of the officers and staff of the Assembly Secretariat.

The achievements made by the Mizoram Legislative Assembly during a short period of thirty years in various spheres of activities, particularly legislation, committee system, an endeavour for financial and administrative independence and modernization of the legislature secretariat are quite significant. The House maintains a highest degree of decorum. Various committees of the House function in a healthy atmosphere, totally devoid of partisan spirit and the dignity of the House soars to a high level.

This book highlights the achievements made by the Mizoram Legislative Assembly in various spheres of its activities from its inception in 1972 till 31st December, 2002. Since this book is the first of its kind in Mizoram, I hope that it will be a valuable source of knowledge for the sitting, former and aspiring legislators, students, members of the public who crave for knowledge of the working of legislature, as well as research scholars. The publication of this book itself, also, is a significant achievement for being a forerunner of dissemination of the knowledge of the functions of legislature in Mizoram.

I am beholden to the Hon. Speaker Pu R. Lalawia, who is a source of inspiration for the publication of this book, for contributing a valuable Foreword, which has greatly added to the worth of this book.

(T. SAIKUNGA)
Secretary

Mizoram Legislative Assembly.

c) Resolution :

No. of Resolutions Received	-	5
No. of Resolutions Admitted	-	2
No. of Resolutions Discussed	-	Nil
No. of Resolutions Adopted	-	Nil

Official Resolution Adopted :

1. "Whereas, under the Customary Law and practices, in Mizo Society a male member can claim his right over a girl only because of his making love earlier with that girl ;

And, whereas, such a system under which girls are often subject to a wretched condition which brought down the status of women in the whole society;

And whereas, the well being of a society depends on the moral sense of the Society;

And, whereas, such practices are also against the religious belief of the Mizo Society;

And, whereas, it is necessary to emancipate the women of the Mizo society by doing away with such evil practices;

Now, therefore, this House resolves to put an end to such so-called right of the man over a girl on the basis of Mizo customary law and practices and requests the Government to take all necessary steps to give effect to this resolution as early as practicable." - Pu F. Malsawma.

2. "Whereas, under the customary law applicable to the Mizo Society, the penalty for sexual offences leading to birth of illegitimate children is so meagre that it does not serve as a deterrent against such undesirable practices;

And, whereas, such a system under which young girls are duped into a situation leading to the birth of illegitimate children which effects not only such mothers and such children but also their relationship with different members in the family and affects family life which is the basic foundation on which the well being of a society is built upon;

And, whereas the well being of a society depends on the moral sense of the society;

And, whereas such practiceS are also alien to the religious belief of the Mizo society;

And, whereas there is now a great amount of public opinion against such indulgence in illegitimate relationship in the Mizo society;

**Third Session of the Third Mizoram State Legislative Assembly
{ 26.8.1994 (One day) }**

Official Resolution Adopted :

1. "Whereas Mizoram under the erstwhile British Rule was kept outside the operation of normal law, except those which had been extended specifically by the Governor General or the Provincial Governor, as the case may be and was administered by separate Acts and Regulations such as the Bengal Eastern Frontier Regulations, 1873 (popularly called the Inner Line Regulation) and the Chin Hills Regulation, 1986 due to its distinctive peculiarities and problems and was declared totally excluded area under the government of India Act, 1935.

And whereas the said Regulations continue to remain in force in Mizoram by virtue of Article 372 of the Constitution and the Adaptation orders issued under that Article;

And whereas the common feeling of the people of Mizoram on the issue had been reflected in part 8 of the Memorandum of Settlement between the Govt. of India and the Mizo National Front signed on 30th June, 1986, according to which the Inner Line Regulation as now in force in Mizoram will not be amended or repealed without consulting the State Government of Mizoram.

And whereas the Government of India is reported to contemplate revocation of the Inner Line Regulation and discontinue the system.

Now, therefore, this emergent Session of the State of Mizoram Legislative Assembly, having firm opinion that the continuance of the Inner Line Regulation in Mizoram is imperative not only for safeguarding the interests of the people, and for maintenance of peace and tranquility, but also for strengthening national integration, resolves that the Bengal Eastern Frontier Regulation, 1873 (V of 1873) as amended by the Bengal Eastern Frontier (Amendment) Regulation, 1925 (V of 1925) should continue to remain in force in Mizoram" - Pu J. Lalsangzuala, Minister.
