Subject : Illegal use of metal tokens as coinage stoppage of.

Sir,

It has been reported that, taking advantage of the general shortage of small coins, some organisations/businesses are making and issuing metallic tokens to serve the place of coins in some parts of the country. The Reserve Bank of India have had the matter examined and the legal opinion obtained by them in this regard is reproduced below :—

“Section 3 of the Metal Tokens Act, 1889 provides that no piece of copper or bronze or of any other metal or mixed metal which, whether stamped or un-stamped is intended to be used as money shall be made except by the authority of Central Government. In terms of Section 2 of the said Act, ‘issue’ means to put a piece of metal into circulation for the first time for use as money. In case the token is circulated as money, then it would be an offence under the Metal Tokens Act. By virtue of Section 5 of the said Act, an offence of making metal token in contravention of Section 3 is a cognizable offence.”

2. It will therefore be noted that if the Police could, on investigation into cases of possession of metal tokens, establish that they were intended to be put into circulation for use as money, prosecution could be launched against the parties concerned under the law as explained above.

3. You are, therefore, requested to bring to the notice of all concerned the above provisions of the Metal token Act, 1889 and issue instructions to the law enforcing officers to be vigilant and to take strict action immediately whenever such activity is reported/detected in your State. It is further requested that if any such case is reported and action is taken in your State, a report may please be sent to this Ministry. Please acknowledge receipt of this letter.

Yours faithfully,

C. G. Pathrese

Under Secretary to the Govt. of India.
