Sub-comment ka siam a ni. Pu Speaker, “No one can win over death, it is inevitable. The only way to get over is by seeing it as a life completed, instead of a life interrupted”.

Pu Speaker, Shri Atal Bihari Vajpayeeji, a pride of India was born on 25<sup>th</sup> December, 1924 and breathed his last on 16<sup>th</sup> August, 2018 at the age of 93. He was an Indian politician who served as the Prime Minister of India. He retired from his active politics in 2009 due to health issues.

Atal Bihari Vajpayeeji didn't have material treasures in life but touched the lives of many. He believed in the idea that “No act can be greater than serving the humanity”. Vajpayeeji was a member of Indian Parliament who served for over four decades, having been elected to Lok Sabha ten times and twice to Rajya Sabha.

During his tenure as the Prime Minister, India carried out the Pokhran-II nuclear tests in 1998.

Pu Speaker, he was a writer, politician and a poet who authored several prose and poetry. National Integration (1961), New Dimensions of India's Foreign Policy (1979), Gathbhandhan ki Rajneeti, Decisive Days (1999), India's Perspectives on ASEAN and the Asia Pacific Region (2003) to name a few. His achievement inspired everyone to work better and to make a dent wherever it can.

Atal Bihari Vajpayeeji was honored Padma Vibhushan in 1992 and was conferred India's highest civilian honour Bharat Ratna in 2015. He was also conferred with Lokmanya Tilak Award in 1994 and also Outstanding Parliamentarian Award in 1994. Vajpayeeji tried to improve the diplomatic relations with Pakistan, who travelled to Lahore by Bus to meet the then prime Minister of Pakistan Shri Nawar Sharif.

In 2014, The Administration of Narendra Modi declared Vajpayeeji's birthday which was on 25<sup>th</sup> December would be marked as Good Governance Day. India reacted to Vajpayeeji's death with grief and thousands of tributes poured from throughout the globe. A seven-day State mourning was announced by the Central Government throughout India.

Pu Speaker, it is indeed a fact that he was resourceful, optimistic and creative apart from politics and a writer, He was vigorous and healthy, a complete human being, concerned about other human beings who were no longer as vigorous and not quite as healthy as they used to be.

Pu Speaker, Vajpayeeji, the departed leader was the first to offer civilian planes, Airbuses to Afghanistan when it was in crisis. He is termed by the Prime Minister of Bangladesh, Sheikh Hasina as the most famous sons of India. He was an exceptional orator and a leader with great sense of humour.

Shri Vajpayee rightly commanded great respect around the world. He will be remembered as a politician who made a major personal contribution to the friendly relations and privileged strategic partnership between several countries.

Shri Vajpayeeji was a visionary leader and an ardent defender of democracy. He is regarded as the most intellectual and statesman. He served the great country of India with humility and honesty, who was loved and respected by millions of people

across the world. He shaped the politics based on reason than superstitions. He professed a politics based on certain essential things for a human to realize its potential. Pu Speaker, thank you.
