CHAPTER V

MISCELLANEOUS

16. Protection of Action taken in good faith. — No suit, prosecution or other legal proceeding shall lie against any person for anything which is in good faith done or purported or intended to be done in pursuance of the provisions of this Act or any rule or order made thereunder.

17. Power of State Government to make rules. — (1) The State Government may, by notification in the Official Gazette, make rules for carrying out the purposes of this Act.

(2) Every such rule made by the State Government under sub-section (1) shall be laid, as soon as may be after it is made, before the State Legislature.

18. Exemption. — The State Government may, by notification in the Official Gazette, exempt any person or class of persons from all or any of the provisions of this Act, whether absolutely or subject to such conditions as may be specified in the notification.

19. Power to remove difficulties. — (1) If any difficulty arises in giving effect to the provisions of this Act, the State Government, by notification in the Official Gazette, make order not inconsistent with the provisions of this Act as may appear to it to be necessary or expedient for the removal of the difficulty:

Provided that no such order shall be made after the expiry of a period of two years from the date on which this Act receives the assent of the Governor.

(2) Every order made under sub-section (1) shall be laid, as soon as may be after it is made, before the Legislature of the State.

Statement Of Objects And Reasons

The unregulated usage of fireworks in the State of Mizoram has emerged as a major source of air and noise pollution, leading to the degradation of the environment and posing serious health risks, particularly to children, senior citizens, and other vulnerable sections of the population. The Hon'ble Supreme Court of India has explicitly recognized the Right to Health as a fundamental right guaranteed under article 21 of the Constitution of India. Furthermore, articles 47 and 48A impose a constitutional obligation upon the State to improve public health and to protect and enhance the environment.

Although central legislations such as the Air (Prevention and Control of Pollution) Act, 1981 and the Explosives Act, 1884 provide general regulatory frameworks for pollution control and the handling of explosives, they do not specifically address the prohibition or regulation of the use of firecrackers in the context of Mizoram's local environmental and social conditions. Consequently, there is an urgent need for a comprehensive legal framework to regulate the sale, possession, and usage of fireworks in the State.

The Mizoram Regulation of Fireworks Bill, 2026 seeks to fill this legislative gap by establishing a robust mechanism for oversight at the State, District, and Local levels through the constitution of supervisory committees. The Bill aims to ensure uniform implementation across districts, promote awareness among the public, and safeguard the fundamental right to health and clean air for all citizens of Mizoram.

This bill will not entail any significant financial implication on the State Exchequer, as it primarily relies on existing administrative machinery and personnel for its enforcement. The penalties and regulatory measures provided under the bill will act as effective deterrents against unauthorized use and sale of fireworks, while the sale provisions remain governed by the Explosives Act, 1884 and rules made thereunder.
