Tin, Sports lamah, with your permission, Pu Dy Speaker, I just want to deliver this speech in English so that he can carry this discussion chapter up to the central Ministry because, if we discuss in Mizo our central Sports Minister will not understand the Mizo language. So, I just want to start few of my speech in English. So, with your permission, Mr. Dy. Speaker, Sir, I am very much fortunate and thankful to our Hon. Chief Minister for choosing the best and the fittest person, Mr. R3, I used to say in English 'Mr. R3'. This may be quite new to him R3, which means Robert Romawia Royte, it is a beautiful name. And, I am very much thankful to our Chief Minister for choosing him as a Sports Minister. He is energetic, he is experience, he is enthusiastic and moreover, economically viable and very much capable.

So, I am very much happy that he is also a very visionary leader as he want to bring the Sports Department to the highest peak of development. Not only in the national level, even in the international level also, he is having a vision to bring all round development in Mizoram. Till today, what I see is that all the sports infrastructures are always concentrated to Aizawl and the surrounding areas only. So, if we want to harvest all our sports personalities, I think it will be better to spread the sports infrastructures to each and every corner, especially our CADC area and the western belt of Mizoram. In case of sports infrastructure, we are very lagging behind with our sisters in the state, Pu Dy. Speaker. So, even in the LADC, MADC and CADC also, there is not a single national level sports stadium, national level sports playground is there.

So, I request our beloved R3 Minister, Mr. Robert Romawia Royte to look into this matter because even our central Minister in charge Sports, Mr. Kiren Rijiju also is a very good person and very easy to meet him, and very easy to express our opinion and express our grievances to him as he is from our North-east. Mr. Kiren Rijijuji, I think he is a body-building person; he is physically very fit, every day he used to take exercise also. I think it will be very much helpful for our Sports Minister to harvest all the possible funds for development of Mizoram state's infrastructure and sports also. So, with these few words, I just want to express my heartiest opinion and my willingness to help the Sports Minister, and if I am of any help, I am always ready to help for the development of Sports in Mizoram. With these few words, let me conclude my speech here. Thank you, Mr. Dy. Speaker, Sir.
